2027 470 #270003932

New Equipment:

- Do you need any licensing for the Ruckus switch? No

- I know before we included SFPs so I am assuming that you will need those as well? Yes

- For CAT6 cabling, are we able to schedule a walkthrough so that we can provide a more accurate quote? No walk-throughs

MIBS: For the existing equipment, do you need manufacturer support/licensing included for that equipment? No

If so for the Fortinet, do you have existing contract info? And term: 1, 3, or 5 year?
