Wilmington Area School District
300 Wood Street
New Wilmington, PA 16142

2027 E-Rate Project:
Wireless Access Point Replacement

USAC Application Number: _____

Project Description

The Wilmington Area School District is seeking qualified firms to provide networking equipment and cloud management subscriptions for networking equipment.

While cost will be the most highly weighted factor in determining the winning bidder, the Wilmington Area School District reserves the right to evaluate bids based on compatibility with the District's existing equipment and the bidder's demonstrable experience providing and/or installing similar equipment.

The Wilmington Area School District reserves the right to modify product quantities. Further, the Wilmington Area School District reserves the right to cancel the project at any time before work has commenced or components have been ordered.

Scope of Work

1. Vendor shall provide all equipment as listed in the Equipment Schedule.
    a. Vendor shall provide unit pricing for all components which shall be inclusive of any shipping or other associated costs.
    b. Hardware installation is not required unless specifically noted.

2. Vendor shall provide all licensing as listed in the Licensing Schedule
    a. License term shall be 36 months unless otherwise specified
    b. Vendor shall coordinate with the District and product manufacturer to ensure the commencement of any new licensing terms shall begin immediately after the natural termination of existing license agreements.
        i. The anticipated start date for new license subscriptions is August 1, 2027.
        ii. The District reserves the right to adjust licensing start date with reasonable notice to the Vendor.

3. Vendor acknowledges that any components or licenses specified in the Equipment Schedule and/or License Schedule align with existing infrastructure and management systems already in use throughout the campus.

4. Wherever applicable, Vendor shall apply licenses or subscriptions to the District's existing cloud management accounts or dashboards.

5. Vendor acknowledges that the District will select the Service Provider Invoicing method of E-Rate reimbursement.
