Narrative

The District is seeking two options for bids. Respondents may bid one, or both options. The first option is a fully managed, lit fiber service WAN to the locations identified. The second option is for a leased dark fiber solution that includes special construction, the monthly lease fee, maintenance, and management.
All options can include special construction or one-time E-rate eligible non-recurring costs as well as E-rate eligible recurring circuit costs. Based on the bids and both a short term and long term cost effectiveness analysis, the District will determine which, if any, of the lit service or leased dark fiber or some combination of solutions is acceptable.
