Narrative

Deming Public School District wishes to compare Lit Services, Dark Fiber services and self provisioned fiber construction for the completion of their district Wide Area Network (WAN). The current WAN provides a DS3 (43MB) connection between the following sites:
- Columbus Elementary School at 7450 Altura Rd SE, Columbus, NM 88029 (31.843046, -107.652074) to Central Office at 501 W. Florida, Deming, NM 88030 (32.25423, -107.762831)
In each building, respondent must run infrastructure or service to an existing network closet designated by District, and identified by "Location on campus" field on the "Addresses" worksheet of attached pricing spreadsheet or by site walk-through.
The new service is being planned to begin on July 1, 2016, which represents the expiration of the current leased WAN service.
