State and Local Procurement Restrictions

A Colorado constitutional amendment prohibits schools and libraries from entering to multiple –year financial obligations, such as multi-year contracts, without pre allocation of funds unless the local voters have previously approved such an obligation. (COLO. Const. Article X, Section 20(4)(B). However, funding agreements, including multi-year contracts, that are subject to annual appropriations by a governing board, such as a school district board, generally are allowed and are not subject to this constitutional provision since the governing board decides each year to make a particular expenditure.
