Harmony School in Bloomington, Indiana would like to renew the licenses for the Firewall, WAPs and Switches as listed below. It would also like to install 2 additional jacks in the gymnasium which would require approximately 500 feet of Cat-6 Plenum Cable and all items necessary for the installation of those jacks, including but not limited to jacks, housings, and raceways. Include in your proposal all necessary items and labor charges for the installation of the new cable. NOTE: a lift will be necessary for the installation.
