Narrative

We are looking to have our new annex to our existing building (This is not a separate school or entity. It is the same IRN) connected via fiber to our existing network. This will involve a fiber run from our existing IDF closet to the network closet in the new addition. All quotes must include the equipment (switches, racks, cabinets, fiber, cabling, other necessary components) and the labor and configuration. In addition to this new connection, we are seeking additional switches for our MDF and 3 IDF closets to better manage the network traffic. This would be a total of 5 new switches that must be Extreme Networks or equivalent, and be configured with Fabric OS to be compatible with our existing network. Additionally, any licensing for switch management through cloud IQ must be included. Please note: A site visit is REQUIRED in order to submit a proposal. Any proposals received without the required site visit and walkthrough will be disqualified. This is to insure we receive exactly what is required for this project. Site visits can be scheduled by calling 740-264-5545 ext.119. Available days for site visits are Monday - Friday, 7am - 1pm March 4th - 20th. Please note, the last day for submitting proposals (Bids) is 9am on March 27th, 2026.
