#### **Narrative**

See FY27 Greenwich Internet Service Specifications for all details related to this procurement. Offerors are required to complete and submit FY27 Greenwich Internet Pricing Attachment with their response.

The Applicant requires a minimum of two (2) circuits, with one circuit provided to each District Network Operations Center (NOC). Each circuit shall provide a minimum bandwidth of 2 Gbps download x 2 Gbps upload (symmetrical) as a fully managed Dedicated Internet Access (DIA) service, including any required transport.

The two locations requiring a minimum of 2 Gbps bandwidth per circuit are listed below:

Greenwich High School 10 Hillside Road, Greenwich, CT 06830

District Office 290 Greenwich Avenue, Greenwich, CT 06830

Service providers are requested to submit pricing for the required minimum bandwidth of 2 Gbps, as well as incremental bandwidth options up to and including 10 Gbps. Pricing should clearly identify each available bandwidth tier.

Offerors must provide static public IPv4 addresses. The District currently utilizes four (4) /28 public IP address blocks. Responses to this FCC Form 470 must include pricing to support the District's existing IP address allocation and are encouraged to include optional pricing for additional public IP address blocks offered by the service provider.

The proposed service shall be fully managed by the service provider and include 24x7 monitoring, fault isolation, maintenance, and support of all provider-owned equipment necessary to deliver the service.

Offerors must provide router lease options and associated pricing if customer-premises equipment (CPE), including a managed router, is required as part of the proposed solution. The District's current configuration includes a vendor-provided managed router that is maintained and supported by the service provider.

The proposed service shall include a Service Level Agreement (SLA) that identifies, at a minimum, network availability, latency, packet loss, mean time to repair (MTTR), and any applicable service credits for failure to meet the stated performance metrics.
