IMPORTANT NOTICE: In order to make the solicitation document easier to read, the state has opted to issue a completely new document. This approach has been selected in an effort to ensure the clarity of the contract documents during both the “Pre-Award” and “Post Award” phases of this procurement. Prospective bidders should discard the original solicitation document and use this document when preparing their on-line bids.

In an effort to assist your review of the amendment, we have endeavored to highlight changes in yellow. To use this feature, offerors will need to view the electronic version of this document.

Despite our best efforts, there is a chance that a change was inadvertently left unhighlighted. Therefore, offerors are cautioned that they are responsible to review the content of the entire document and cannot rely detrimentally on highlights identifying all changes.

DISCLOSURE OF YOUR BID / PROPOSAL and SUBMITTING CONFIDENTIAL DATA (FEB 2021)

(a) According to Section 11-35-410, any person submitting a document in response or with regard to any solicitation or other request must "comply with instructions provided in the solicitation for marking information exempt from public disclosure. Information not marked as required by the applicable instructions may be disclosed to the public." **IF YOU IDENTIFY YOUR ENTIRE RESPONSE AS EXEMPT FROM PUBLIC DISCLOSURE, OR IF YOU DO NOT SUBMIT A REDACTED COPY AS REQUIRED, THE STATE MAY, IN ITS SOLE DISCRETION, DETERMINE YOUR BID OR PROPOSAL NONRESPONSIVE AND INELIGIBLE FOR AWARD.** (b) By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page, or portion thereof, of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page, or portion thereof, was redacted and conspicuously marked "Trade Secret" or "Confidential" or "Protected", (2) agrees that any information not redacted and marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. (c) If your offer includes any information that you claim is exempt from public disclosure, you must submit one complete copy of your offer from which you have removed or concealed such information (the redacted copy). Except for the information removed or concealed, the redacted copy must be identical to your original offer. (d) Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If only portions of a page are subject to some protection, do not redact the entire page. The redacted copy must reflect the same pagination as the original and show the empty space from which information was redacted. The Procurement Officer must be able to view, search, copy and print the redacted copy without a password. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. (e) On the redacted copy, you must identify the basis of your claim by marking each redaction as follows: You must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that you redacted and claim as exempt from public disclosure because it is either (1) a trade secret as defined in Section 30-4-40(a)(1) of the Freedom of Information Act, or (2) privileged and confidential, as that phrase is used in Section 11-35-410. You must separately mark with the words "TRADE SECRET" every page, or portion thereof, that you redacted and claim as exempt from public disclosure as a trade secret pursuant to Section 39-8-20 of the Trade Secrets Act. You must separately mark with the word "PROTECTED" every page, or portion thereof, that you redacted and claim as exempt from public disclosure pursuant to Section 11-35- 1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. (f) In determining whether to release documents, the State will detrimentally rely on your redaction and marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "Protected". By submitting a response, you agree to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that you have redacted or marked as "Confidential" or "Trade Secret" or "Protected". III. SCOPE OF WORK/SPECIFICATIONS

The Division of Procurement Services (DPS) seeks to establish a Statewide Term Contract with qualified vendors for equipment and services eligible for E-rate support, referred to by the FCC as “Category Two”, and includes the internal connections needed for broadband connectivity within a school or library. Support is limited to the internal connections necessary to bring broadband into, and provide it throughout, schools and libraries. These are broadband connections used for educational purposes within, between, or among instructional buildings that comprise a school campus, and the basic maintenance of these connections, as well as services that manage and operate owned or leased broadband internal connections (e.g., managed internal broadband services or managed Wi-Fi). “Category Two” Broadband Internal Connections, Managed Internal Broadband Services, and Basic Maintenance of Eligible Broadband Internal Connections as defined by the FCC’s E-rate Eligible Services List (ESL), can be found at: <https://www.usac.org/e-rate/applicant-process/before-you-begin/eligible-services-list/>.

Only E-rate supported Category Two products and services may be procured under the resulting contracts. Other state term contract exists for the procurement of networking equipment and services; found on the South Carolina Division of Procurement Services website at <https://procurement.sc.gov/>.

ADMINISTRATIVE SERVICES FEE - COLLECTION AND REPORTING (MAR 2024)

(a) Procurement Services (PS) establishes and maintains master State contracts for the benefit of all South Carolina state and local public entities. These contracts allow all public entities both to maximize the State's purchasing power by aggregating their requirements and to benefit from increased efficiencies in the acquisition process. Procurement Services' cost for this central purchasing activity is offset by an administrative fee which each contractor includes in its contract pricing (though not separately itemized or invoiced) and is paid to the vendor by each participating public entity. The contractor collects the fee as a fiduciary for the State and remits the same as calculated in accordance with the clause titled "ADMINISTRATIVE SERVICES FEE - CALCULATION." The price stated in the contractor's bid or proposal must include all amounts necessary for contractor to meet this obligation.

(b) As used in this clause, the term "reporting period" means each full calendar quarter (Jan. - Mar., Apr. - Jun., Jul. - Sep., and Oct. - Dec.) and any remaining periods less than a full calendar quarter during the term of this contract. For each reporting period, contractor shall report to PS its total sales pursuant to this contract for the period and shall remit the fee to the PS Reports Manager. Payment for each reporting period is due no later than the last day of the month immediately following the end of the reporting period (Example: payment for the reporting period ending March 31 is due April 30). If the amount due for a reporting period is less than \$10.00, no payment is required. The procurement officer will provide contractor an information packet, including a detailed explanation of reporting and payment requirements, within fifteen (15) calendar days following contract award. You may contact the Reports Manager at:

Procurement Services Division
Attn: Reports Manager
1333 Main Street, Suite 700
Columbia, SC 29201
Phone: (803) 737-1254 (ask to speak to the Reports Manager)

Failure to receive the information packet does not relieve contractor from its obligations hereunder.

(c) Contractor shall submit a usage report for each reporting period, even if no payment is due for the reporting period. The usage report shall include any information requested by PS to verify the amount due. At a minimum, each usage report shall reflect the following information for the applicable reporting period: contractor's name, contract number, contract description, reporting period/quarter, total dollar value of sales (excluding sales taxes and showing any adjustments for

credits or refunds), total number of units (if practicable), and the number, date, and amount of contractor's check to PS. Unless otherwise specified by the reports manager, the usage report shall be submitted electronically according to instructions in the information packet. If the reports manager requires the contractor to provide a more detailed usage report, the reports manager will work directly with the contractor to determine the appropriate content and format of the report.

(d) During the term of this contract and for a period of three years thereafter, PS or its authorized representatives shall be afforded access at reasonable times to contractor's records (including, without limitation, bank statements, deposits, checks; invoices; correspondence; ledgers; receipts; transmittals) in order to audit all transactions involving goods sold, work performed, or fees due pursuant to this contract. If the audit indicates that contractor has materially underpaid PS, then contractor shall remit the balance found to be due (including any amounts assessed pursuant to subparagraph (e)) and reimburse PS for all costs of the audit.

(e) Payments of the fee which are due and unpaid by the contractor (including amounts disclosed by audit) shall accrue interest as provided in the Payment and Interest clause for amounts due to the State. In addition to the fee and interest, contractor agrees to pay to PS its reasonable expenses of collection, including costs and attorneys' fees (and fees for inside counsel), whether or not PS commences legal action.

(f) If the contractor fails to (i) timely submit accurate usage reports; (ii) remit to PS the fee when due; or (iii) promptly and fully cooperate with an audit request, the State may, without prejudice to any other remedy available to the State, take any one or more of the following actions:

(1) direct the contractor to not accept any further orders under the contract until PS determines that the cause for such direction has been eliminated;

(2) terminate this contract;

(3) direct the contractor to not accept any further orders under any other master State contract established by PS until PS determines that the cause for such direction has been eliminated.

(g) For purposes of this clause, PS is intended as a third-party beneficiary of this contract.

[03-3090-4]

ADMINISTRATIVE SERVICES FEE - CALCULATION - ITMO (MODIFIED)

For each reporting period, Contractor shall pay to PS a fee equal to one and one quarter (1.25%) percent of the total dollar amount (excluding sales taxes and adjusted for credits or refunds) of purchases made by any public procurement unit from Contractor pursuant to this contract. [03-3095-1]

The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]

DEFAULT (JAN 2006)

(a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to:

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

ESTIMATED QUANTITY -- PURCHASES FROM OTHER SOURCES (JAN 2006)

The state may bid separately any unusual requirements or large quantities of supplies covered by this contract. [07-7B090-1]

ESTIMATED QUANTITY -- UNKNOWN (JAN 2006)

The total quantity of purchases of any individual item on the contract is not known. The State does not guarantee that the State will buy any specified item or total amount. The omission of an estimated purchase quantity does not indicate a lack of need but rather a lack of historical information. [07-7B095-1]

ILLEGAL IMMIGRATION (NOV 2008)

(An overview is available at www.procurement.sc.gov) By signing your offer, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. Pursuant to Section 8-14-60, "A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony, and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both." You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. INDEMNIFICATION-THIRD PARTY CLAIMS - GENERAL (MODIFIED)

Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property **directly from the performance of this Agreement that is alleged to have resulted, in whole or in part, from the negligence or willful misconduct of the Contractor or its subcontractors, directors, officers, employees or authorized agents** however, if an Indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancelation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees.

INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (FEB 2015)

- (a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter "action") of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security - Definitions) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.
- (b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractors ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitees attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee's consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment or subjects Indemnitee to any injunction.
- (c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.
- (d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]

INDEMNIFICATION-INTELLECTUAL PROPERTY (JAN 2006)

(a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim. (b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B103-1]

INFORMATION SECURITY - DEFINITIONS (FEB 2015)

The following definitions are used in those clauses that cross reference this clause.

Compromise means disclosure of information to unauthorized persons, or a violation of the security policy of a system in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object may have occurred. Without limitation, the term "compromise" includes copying the data through covert network channels, or copying the data to unauthorized media, or disclosure of information in violation of any obligation imposed by this contract.

Data means a subset of information in an electronic format that allows it to be retrieved or transmitted.

Government information means information (i) provided to Contractor by, or generated by Contractor for, the using governmental unit, or (ii) acquired or accessed by Contractor as a result of performing the Work. Without limiting the foregoing, government information includes any information that Contractor acquires or accesses by software or web-based services, which includes, without limitation, any metadata or location data. Government information excludes unrestricted information.

Information means any communication or representation of knowledge such as facts, statistics, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual.

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

Public information means any specific information, regardless of form or format, that the State has actively and intentionally disclosed, disseminated, or made available to the public. Information is not public information solely because it may be subject to inspection pursuant to an unfulfilled public records request.

Software means any computer program accessed or used by the Using Governmental Unit or a third party pursuant to or as a result of this contract.

Third party means any person or entity other than the Using Governmental Unit, the Contractor, or any subcontractors at any tier.

Unrestricted information means (1) public information acquired other than through performance of the work, (2) information acquired by Contractor prior to contract formation, (3) information incidental to your contract administration, such as financial, administrative, cost or pricing, or management information, and (4) any ideas, concepts, know-how, methodologies, processes, technologies, techniques which Contractor develops or learns in connection with Contractor's performance of the work.

Web-based service means a service accessed over the Internet and acquired, accessed, or used by the using governmental unit or a third party pursuant to or as a result of this contract, including without limitation, cloud services, software-as-a-service, and hosted computer services. [07-7B104-1]

INFORMATION SECURITY - SAFEGUARDING REQUIREMENTS (FEB 2015)

(a) Definitions. The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. In addition, as used in this clause—

Clearing means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

Intrusion means an unauthorized act of bypassing the security mechanisms of a system.

Media means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, portable hard drives, “thumb” drives, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an information system.

Safeguarding means measures or controls that are prescribed to protect information.

Voice means all oral information regardless of transmission protocol.

(b) Safeguarding Information. Without limiting any other legal or contractual obligations, contractor shall implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality and integrity of the government information in its possession. In addition, contractor shall apply security controls when the contractor reasonably determines that safeguarding requirements, in addition to those identified in paragraph (c) of this clause, may be required to provide adequate security, confidentiality and integrity in a dynamic environment based on an assessed risk or vulnerability.

(c) Safeguarding requirements and procedures. Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

(1) Protecting information on public computers or Web sites. Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).

(2) Transmitting electronic information. Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.

(3) Transmitting voice and fax information. Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.

(4) Physical and electronic barriers. Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.

(5) Sanitization. At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800–88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_with-errata.pdf.

(6) Intrusion protection. Provide at a minimum the following protections against intrusions and compromise:

(i) Current and regularly updated malware protection services, e.g., anti-virus, antispyware.

(ii) Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

(7) Transfer limitations. Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.

(d) Subcontracts. Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement requirements at least as secure as those imposed by this clause on, any other person or entity that contractor authorizes to take action related to government information.

(e) Other contractual requirements regarding the safeguarding of information. This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems.

[07-7B105-1]

INFORMATION SECURITY – LOCATION OF DATA (FEB 2015)

Notwithstanding any other provisions, contractor is prohibited from processing, storing, transmitting, or accessing government information, as defined in the clause titled Information Security - Definitions, outside the continental United States. For clarity, this obligation is a material requirement of this contract and applies to subcontractors at any tier. [07-7B106-1]

INFORMATION USE AND DISCLOSURE (FEB 2015)

Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor's use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Every obligation in this clause is material. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

(a) *Definitions.* The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions.

(b) *Legal mandates.* Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent expressly prohibited by law.

(c) *Flow down.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the requirements of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) *Collecting Information.* Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.

(e) *Rights, Disclosure and Use.* Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) use (including access, process, transmit, and store) and maintain the government information itself; and (ii) disclose government information to persons having a need-to-know (e.g., subcontractors). Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice of both the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.

(f) *Return.* Notwithstanding the using governmental unit's failure to perform or the pendency of a dispute, Contractor agrees to promptly deliver to the using governmental unit (or destroy, at the using governmental unit's option) all government information in its possession as and upon written request of using governmental unit (provided that, if the contract has not expired or been terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor's further access to such government information).

(g) *Privacy Policy & Applicable Laws.* Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause, if included, entitled Information Use and Disclosure – Standards.

(h) *Actions Following Disclosure.* Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery, Contractor shall notify using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided such notice by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) undertake any other measures that are customary and reasonable for an entity to take when experiencing a similar disclosure, (4) pay any related fines or penalties imposed on the using governmental unit, and (5) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use. Notwithstanding any other provision, contractor's obligations pursuant to this item (h) are without limitation.

(i) *Survival & Remedy*. All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor's obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause. [07-7B108-1]

(4) The foregoing limitations shall not apply: (a) to claims for physical damage to real or tangible personal property, (b) to claims regarding bodily injury, sickness, disease or death, (c) to claims arising from reckless or intentional misconduct, (d) to amounts due or obligations under a clause (regardless of how named) providing for liquidated damages, or if such a clause is ruled unenforceable as a penalty, (e) to amounts due or obligations under the following clauses, if included: (i) Indemnification-Third Party Claims-General, (ii) Indemnification-Third Party Claims-Disclosure of Information, (iii) Indemnification-Intellectual Property, (iv) Information Security-Safeguarding Requirements, (v) Information Security-Location of Data, (vi) Information Use and Disclosure-Standards, or (vii) Service Provider Security Representations; (f) to amounts due or obligations under a clause imposing a duty to defend or indemnify, or (g) to any loss or claim to the extent the loss or claim is covered by a policy of insurance maintained, or required by this contract to be maintained, by contractor.

(5) The absence in any subcontract of a similar clause limiting contractor's liability shall not effectively increase the obligation of the Using Governmental Unit beyond what it would have been had the subcontract contained such a clause.

(6) The Using Governmental Unit's liability for damages, if any, shall in no event exceed two **(2) times the contract amount**. Nothing herein shall be construed to waive any law or clause regarding the availability or appropriation of funds, sovereign immunity, or any other immunity, restriction, or limitation on payment or recovery provided by law.

(7) The State of South Carolina's total liability for any obligation under any clause imposing any duty of confidentiality or non-disclosure shall not exceed an amount equal to fifty thousand dollars.

(a) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;

(b) by unit prices specified in the Contract or subsequently agreed upon;

(c) by the costs attributable to the event or situation covered by the relevant clause, including profit if otherwise allowed all as specified in the Contract; or subsequently agreed upon;

(e) in the absence of agreement by the parties, through a unilateral initial written determination by the Procurement Officer of the costs attributable to the event or situation covered by the clause, including profit if otherwise allowed, all as computed by the Procurement Officer in accordance with generally accepted accounting principles, subject to the provisions of Title 11, Chapter 35, Article 17 of the S.C. Code of Laws.

(2) Submission of Price or Cost Data. Upon request of the Procurement Officer, the contractor shall provide reasonably available factual information to substantiate that the price or cost offered, for any price adjustments is reasonable, consistent with the provisions of Section 11-35-1830.

Contractor shall pay the state liquidated damages of \$1,000 for each contact with a citizen or end user that violates this restriction.

As used in this paragraph, these terms are defined as follows: “Software” means any computer program identified by the solicitation. “Licensor” means an entity that owns the intellectual property rights for an item of Software or has the authority to license or sublicense the Software directly to the state. “Software licensing agreement” means any agreement, regardless of how designated, pertaining to the intellectual property rights for or the right to use any Software, including, but not limited to, any such agreement proposed prior to or after award, including without limitation any such agreement that either is affixed to (e.g., shrink-wrap), imbedded in (e.g., click-wrap), or in any way accompanies the Software upon delivery.

(b) Separate Agreement for License and Services. This contract will address all Work (excluding the right to use the Software) and all terms regarding pricing, payment, and delivery of all Software. Pursuant to this contract, the state intends to pay contractor in order to acquire license rights from Licensor under terms governed by the applicable Software Licensing Agreement. **ACCORDINGLY, YOU MUST NOT SUBMIT ANY SOFTWARE LICENSING AGREEMENTS WITH YOUR OFFER.**

(c) Political Subdivisions. You agree not to fulfill an order or provide any software to a local public procurement unit (see “Statewide Term Contract” provision) unless and until you have first presented to the unit a copy of the “Enrollment Agreement for South Carolina Public Entities” (Exhibit A of the COTS Piggyback), for execution, and if signed, delivered a copy to the applicable Licensor. For each Licensor, a unique version of the Enrollment Agreement for South Carolina Public Entities form is attached.

LICENSING AGREEMENT AS PREREQUISITE TO CONTRACT PERFORMANCE

A Software Licensing Agreement must be in effect between the State and the Software manufacturer at all times throughout the duration of the contract. The existence of a valid Software Licensing Agreement between the State and the Software manufacturer is necessary for the State to acquire Software under this contract.

Contractor should facilitate the exchange between the Software manufacturer and the State as requested.

If a mutually agreeable Software Licensing Agreement is not reached prior to the expiration of the existing Software Licensing Agreement, the State may elect to end the corresponding contract.

CLOUD SERVICES AGREEMENT ADDENDUM AS PREREQUISITE TO CONTRACT PERFORMANCE

Contractor must not accept orders for any Cloud Services under this Contract until an OSP Procurement Manager approved Cloud Services Agreement is in effect.

An OSP Procurement Manager approved Cloud Services Agreement must be in effect between the State and the Manufacturer at all times throughout the duration of the contract. The existence of a valid Cloud Services Agreement between the State and the Manufacturer is necessary for the State to acquire Cloud Services under this contract.

Contractor should facilitate the exchange between the Manufacturer and the State as requested. If a mutually agreeable Cloud Services Agreement is not reached prior to the expiration of the existing Cloud Services Agreement, the Contractor must not accept orders for Cloud Services until an OSP Procurement Manager-approved Cloud Services Agreement is in place between the State and the Manufacturer. If such agreement is not reached, the OSP Procurement Manager may elect to terminate the corresponding contract in whole or in part.

STATEWIDE CONTRACT - MANDATORY (MAY 2024)

(a) With this solicitation, the state seeks to establish a contract available for use by all South Carolina public procurement units (as defined in Section 11-35-4610(5)). This contract is a “term contract” as defined in Section 11-35-310(37). Accordingly, use by state governmental bodies (as defined in Section 11-35-310(18)), which includes most state agencies, is mandatory except under limited circumstances. See clause entitled “Acceptance of Offers 10% Below Price” in Part VII.B. of this solicitation. Use by local public procurement units is optional. Section 11-35-4610 defines local public procurement units to include any political subdivision, or unit thereof, which expends public funds. Section 11-35-310(24) defines the term political subdivision as all counties, municipalities, school districts, public service or special purpose districts.

(b) The State is entitled to audit the books and records of you and any subcontractor to the extent that such books and records relate to the performance of the work. Such books and records will be maintained by the contractor for a period of three years from the date of final payment under the contract and by the subcontractor for a period of three years from the date of final payment under the subcontract, unless a shorter period is authorized in writing by the Chief Procurement Officer.

(c) Subject to the limitations herein, a Using Governmental Unit may include “additional contract terms” in a purchase order. For purposes of this paragraph, “additional contract terms” shall mean only terms included to either: (i) comply with federal laws as are mandatorily applicable to an expenditure of federal assistance, grant, or contract funds, or (ii) impose organizational, operational, or technical security measures designed to protect the integrity, availability, or confidentiality of the Using Governmental Unit’s data. Additional contract terms may not be used if they will result in an increase in pricing or materially alter the scope of work, regardless of whether the Contractor accepts the terms. Contractor may decline to honor a purchase order that includes additional contract terms, but only if the Contractor provides the applicable Using Governmental Unit with prompt written notice of such rejection and the work acquired with that purchase order has not begun. For purposes of a specific purchase order, Contractor accepts additional contract terms by performing any of the work acquired with that purchase order.

(d) EFT information the Contractor provides to the State Treasurer’s Office (STO) is only used to process payment of invoices to Using Governmental Units on whose behalf the STO makes payment. For all other Using Governmental Units the method of payment must be addressed in the purchase order. See clause titled “Payment & Interest.”

(e) If the contractor is suspended or debarred pursuant to Section 11-35-4220, the State may, without prejudice to any other remedy available to the State, take any one or more of the following actions: (1) order the contractor to not accept any further orders under the contract until the suspension or debarment has been lifted; (2) terminate this contract; (3) order the contractor to not accept any further orders under any other statewide contract; or (4) terminate the contractor's award of any other statewide contract. STATEWIDE CONTRACT – MANDATORY [TERM] - ACCEPTANCE OF OFFERS 10% BELOW PRICE (MAY 2024)

Pursuant to Section 11-35-310(37), the state may purchase items available on this contract from a third party (an "alternate vendor") if the alternate vendor offers a price at least ten percent less than the price established by this contract and, after being offered an opportunity, you decline to meet the alternate vendor's price. With regard to the items acquired, the alternate vendor must agree to be bound by all the terms and conditions of this contract. All acquisitions pursuant to this clause must be documented by the procurement officer using the attached form. [07-7B227-2]

STATEWIDE CONTRACT – MANDATORY - SCOPE (MAY 2024)

The scope of this contract is limited by the Bidding Schedule / Cost Proposals and by the description included in Part I, Scope of Solicitation. Sales of supplies or services not within the scope of this contract are prohibited. See clause entitled Contract Limitations. [07-7B230-2]

TERM OF CONTRACT -- EFFECTIVE DATE / INITIAL CONTRACT PERIOD (JAN 2006)

The effective date of this contract is the first day of the Maximum Contract Period as specified on the final statement of award. The initial term of this agreement is one (1) year from the effective date. Regardless, this contract expires no later than the last date stated on the final statement of award. [07-7B240-1]

TERM OF CONTRACT -- OPTION TO RENEW (FEB 2021)

At the end of the initial term, and at the end of each renewal term, this contract shall automatically renew for a period of one (1) year, unless contractor receives notice that the state elects not to renew the contract at least thirty (30) days prior to the date of renewal. Regardless, this contract expires no later than the last date stated on the final statement of award. [07-7B245-3]

TERMINATION FOR CONVENIENCE -- INDEFINITE DELIVERY / INDEFINITE QUANTITY CONTRACTS (JAN 2006)

Unless the termination so provides, a termination for convenience shall not operate to terminate any purchase orders issued prior to the effective date of termination. [07-7B255-1]

TERMINATION FOR CONVENIENCE (JAN 2006)

(1) Termination. The Procurement Officer may terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.

(2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in accordance with the standards of Uniform Commercial Code Section 2-706.

Utilization of this Section in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause.

(4) Compensation. (a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data required by Section 11-35-1830 bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement Officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated;

(c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this Subparagraph:

(i) contract prices for supplies or services accepted under the contract;

(ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services;

(iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph;

(iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.

(d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles.

(5) Contractor's failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the State's right to require the termination of a subcontract, or (ii) increase the obligation of the State beyond what it would have been if the subcontract had contained an appropriate clause.

VENDOR QUESTIONS

- 1) If an Offeror proposes multiple lots, should a separate Attachment B be completed and submitted for each lot?

STATE RESPONSE: Yes.

- 2) For submissions covering multiple lots, should the Offeror provide separate proposal packages (technical and pricing responses) for each lot, or is it sufficient to submit a single proposal package with separate Attachment B schedules for the applicable lots?

STATE RESPONSE: It is sufficient to submit a single proposal package with separate Attachment B schedules for the applicable lots.

- 3) If an Offeror submits proposals for multiple lots utilizing different OEMs/manufacturers, does the State require three customer references for each OEM proposed, or may the Offeror provide a single set of three references demonstrating experience across all proposed lots? Additionally, if references are required for each OEM, may the same customer reference be used for multiple OEMs where applicable?

STATE RESPONSE: The Offeror may provide a single set of three references demonstrating experience across all proposed lots.

- 4) Is it required for a K-12 statewide entity to use this contract going through an E-Rate bid?

STATE RESPONSE: No

- 5) Is the State going to add under Lot 8 for Cisco the Services Certification?

STATE RESPONSE: Yes, Cisco Services Partner and Preferred Services Partner have been added.

- 6) Does Lot 3 (HPE Networks) include Aruba Networks products and services, given that Aruba is an HPE brand?

STATE RESPONSE: Lot 3 includes all HPE Erate eligible products and services.

- 7) If HPE's pending acquisition of Juniper Networks closes during the contract term, will Lot 3-awarded vendors be permitted or required to cover Juniper products, or will Lots 3 and 4 continue to be administered as separate lots?

STATE RESPONSE: Lots 3 (HPE) and 4 (Juniper) will be bid, awarded and maintained as separate contract lots. In the future, the state reserves the right to combine lots 3 & 4 via contract modification.

- 8) Does Lot 4 (Juniper Networks) include Juniper Mist products and services?

STATE RESPONSE: Lot 4 includes all Juniper Erate eligible products and services.

9) Does Lot 8 (Cisco Networks) include Cisco Meraki products and services?

STATE RESPONSE: Lot 8 includes all Cisco E-rate eligible products and services.

10)

- a. UPS/Battery Backup is listed as an eligible product under Section III.A (Eligible Broadband Internal Connections) and appears as a line item in Attachment B (REVISED), Section A, but is marked “Removed from evaluation” with no weighted value assigned. We would like to bring on a UPS manufacturer partner and respond as an authorized reseller for that manufacturer’s E-rate eligible UPS products. Would the State consider restoring UPS as a scored line item (minimum percentage discount off MSRP with an assigned weighted value) in Attachment B, Section A?
- b. If UPS/Battery Backup equipment remains excluded from evaluation and effectively out of scope under this contract, once awarded and working with schools/libraries on their E-rate Category Two procurements: are we permitted to recommend or include a UPS provider that is not part of this state term contract as part of our response to a school or library’s Form 470 mini-bid, since that equipment would not be purchased under this contract? Or must UPS be omitted from our proposal entirely if it isn’t a covered item under our awarded lot?
- c. Given that UPS and Cabling manufacturers are not listed in Lot 9, when a district releases an E-rate solicitation for cabling or UPS only (with no corresponding Lot Cat2 equipment) how is reseller eligibility to respond determined/governed?
- d. The solicitation identifies UPS/Battery Backup products as E-rate eligible Category Two equipment; however, none of the manufacturers identified in Lots 1-8 appear to be dedicated UPS manufacturers. Can the State clarify the intended procurement path for schools and libraries seeking to purchase E-rate eligible UPS products under the resulting contract? Additionally, if a reseller wishes to propose a UPS-focused manufacturer under Lot 9, can the State clarify which portions of Attachment B must be completed when the manufacturer does not offer products or services in many of the categories listed in Sections A, B, and C? For manufacturers whose portfolios are limited to UPS solutions, will bidders remain eligible for award under Lot 9 if non-applicable categories are left blank or otherwise identified as not offered?
- e. Could you please elaborate on how we should respond to the Cabling, Racks, and UPS portion of this request (understanding that they are not part of the evaluation)? Should we respond to these as under Lot #9? Primarily, the listed networking manufacturers, including corresponding categories on Attachment B for which we are to provide pricing, do not typically provide traditional Cabling or Racks for structured data and fiber cabling, nor do they typically provide Uninterruptible Power Supply (UPS)/Battery Backup equipment. If we are to include these additional manufacturers in Lot #9, are vendors to respond with each individual structured data cabling manufacturer or UPS manufacturer individually? Another piece to take into consideration is that these manufacturers do not always issue LOAs (Letters of Authorization).

STATE RESPONSE: Cabling, racks, UPS and dedicated firewall manufacturers/resellers are considered third party vendors not new functionality as defined in Lot 9 of this solicitation. As necessary, Contractors awarded under Lots 1-9 may coordinate with third-party vendors to provide cabling, racks, UPS and dedicated firewalls to complete a network solution, replace existing equipment or as part of a phased network procurement. The Contractor must disclose all such third-party arrangements greater than 10% of the total cost (See clause, Subcontractor – Identification (Feb 2015) clause) as part of their response in the Bid Schedule, Attachment B – Bidding Schedule Revised Ver. 3.0, Section E. Approved Third Party Products.

- 11) Would the State be open to reviewing an OPEX / managed-service quote for Category 2 services in addition to the current CAPEX structure that would allow the States ERATE clients a different funding option?

STATE RESPONSE: Under this solicitation, the state is interested in specific Erate eligible MIBS offerings in coordination with hardware manufacturers listed in Lots 1-9.

- 12) Would a Vendor who offers most, but not all, of the Lots be considered?

STATE RESPONSE: Offerors do not have to bid on all lots to be considered. Offerors may bid on one or more complete lots.

- 13) Would the State modify the price sheet to groupings by OEM and then component since an OEM may offer different discounts by component type?

STATE RESPONSE: Offerors proposing multiple lots must submit a separate Attachment B for each lot.

- 14) Would the State consider allowing additional MSRP updates, based on each OEM's documented price update schedule?

STATE RESPONSE: Yes, the state would consider allowing additional MSRP updates.

- 15) Would the State please confirm whether the security language applies to this solicitation?

STATE RESPONSE: Yes, the security language found in this solicitation applies to this solicitation.

- 16) For the past performance response, may Vendors consolidate by overarching agency rather than by exact customer name?

STATE RESPONSE: Yes.

- 17) Would the State consider holding a virtual Mandatory Pre-Performance Conference?

STATE RESPONSE: Yes, the mandatory Pre-Performance Conference is virtual.

- 18) Districts currently use the SC State contract for erate purposes. How does this contract differ from SC State Contract for manufacturers that has Category 2 equipment?

STATE RESPONSE: The other SC State contracts can no longer be used for Erate purposes.

- 19) Do vendors need to register with the South Carolina Secretary of State as well as the Division of Procurement Services or just with the Division of Procurement Services to be eligible to bid on this solicitation.

STATE RESPONSE: Vendors are not required to register with the South Carolina Secretary of State to be eligible to bid on this solicitation.

- 20) Is this solicitation open to responses from authorized distribution partners? Or only authorized resellers?

STATE RESPONSE: This solicitation is open to authorized resellers only.

- 21) Can the State confirm whether awarded contractors may offer deeper discounts during a school or library mini-bid than the discount percentages submitted in Attachment B, including manufacturer-authorized special pricing, promotional pricing, deal registration pricing, or other approved discounts?

STATE RESPONSE: Yes, awarded contractors may offer deeper discounts during a school or library mini-bid than the discount percentages submitted in Attachment B. See clause, Mini- Bids for the Purpose of Erate.

- 22) Can the State clarify the process, required documentation, and expected approval timeline for adding newly released E-rate eligible products, software, subscriptions, support services, and related offerings to an awarded contract during the contract term? Additionally, may such additions be requested outside of the January and June/July catalog update windows when necessary to meet customer requirements?

STATE RESPONSE: Awarded vendors, in coordination with the manufacturer, may submit newly released Erate eligible products, software, subscriptions, support services, and related offerings outside the January and June/July update window to meet customer requirements, when necessary, to the Procurement Officer for approval with a copy of the quote and expect a reasonable turnaround time for review when fulfilling an order.

- 23) Can the State confirm how future FCC/USAC E-rate eligibility changes will be handled during the contract term if a product or service becomes newly eligible, becomes ineligible, or has a revised cost-allocation methodology? Should eligibility be determined based on the rules in effect at the time of contract award, mini-bid issuance, or purchase order issuance?

STATE RESPONSE: In the event of future FCC/USAC Erate eligibility changes, the state will determine the best contract remedy at that time.

- 24) Can the State clarify whether school and library mini-bid evaluations may consider factors other than price, including technical compatibility, implementation approach, project experience, support capabilities, service delivery methodology, and ability to meet schedule requirements, or whether mini-bid awards must be based solely on price?

STATE RESPONSE: Schools and Libraries must follow the FCC/USAC requirements in conducting a mini bid.

- 25) Can the State clarify whether a school or library must issue each mini-bid opportunity to every awarded contractor within the applicable lot, or whether the school or library may limit the solicitation to awarded contractors capable of meeting documented compatibility, integration, support, or standardization requirements associated with the existing environment?

STATE RESPONSE: Schools and libraries may limit the mini-bid opportunity.

- 26) Can the State confirm that cloud-hosted, subscription-based, SaaS, and managed-service offerings may be provided under the resulting contract when E-rate eligible and within scope? Additionally, is a separate OSP-approved Cloud Services Agreement required for each participating manufacturer before orders may be accepted for those offerings?

STATE RESPONSE: Yes, cloud-hosted, subscription-based, SaaS, and managed-service offerings may be provided under the resulting contract when E-rate eligible and within scope. Yes, a separate Office of State Procurement approved Cloud Services Agreement is required for each participating manufacturer before orders may be accepted for those offerings. See clauses, Licensing Agreement as Prerequisite to Contract Performance & Cloud Services Agreement Addendum as Prerequisite to Contract Performance.

- 27) Since HPE has acquired Juniper Networks, can the State clarify whether Lots 3 (HPE Networks) and 4 (Juniper Networks) will continue to be administered, bid, awarded, and maintained as separate contract lots, or whether the State intends to consolidate these offerings under a single manufacturer contract structure either during this solicitation or during the resulting contract term? Additionally, if the lots remain separate, can a reseller submit proposals for both lots using the applicable manufacturer authorizations for each lot?

STATE RESPONSE: Lots 3 (HPE) and 4 (Juniper) will be bid, awarded and maintained as separate contract lots. In the future, the state reserves the right to combine lots 3 & 4 via contract modification.

- 28) Can we submit multiple Lot 9 entries for different OEMs not already listed in current lots?

STATE RESPONSE: Yes.

- 29) Would offering our own MIBS (as an MSP) in supporting equipment in the identified lots fall under each lot separately, or need to be proposed on its own as a Lot 9?

STATE RESPONSE: Offerings for MIBS should be identified in the separate lots and possibly Lot 9, if proposing a network manufacturer not listed in Lots 1-8.

- 30) For the three items crossed out and marked "removed from evaluation," my understanding is that they remain part of the scope of work but are excluded from the evaluation. Can you confirm whether we should still enter a percentage for those items?

STATE RESPONSE: For clarification, racks, cabling and UPSs have been moved to Section E. Approved Third Party Products on the bidding schedule. See Attachment B - REVISED Ver. 3.0.

- 31) Can you please clarify the difference in the installation service requested as a percent off MSRP in Section A of Attachment B REVISED versus the installation service rate requested in Section D of Attachment B REVISED.

STATE RESPONSE: For clarification, Installation Services have been removed from Section A and replaced with Support Services, see Attachment B – Bidding Schedule Revised Ver. 3.0.

- 32) Will the bid be evaluated and awarded by Lot? For example, if a vendor responds to more than one Lot, could that vendor be one of the twelve lowest responsive and responsible bidders (and awarded to the contract) for one Lot with the possibility of not being one of the awarded vendors to a separate Lot?

STATE RESPONSE: Yes

- 33) If yes to #1, should a separate "Attachment B" be submitted for each Lot we are responding to?

STATE RESPONSE: Yes

- 34) It is common for networking vendors to partner with subcontractors for structured cabling products and services. Would it be acceptable to request the State be open to adding and/or removing vendor's listed subcontractors throughout the term of the contract on a case-by-case basis (perhaps on the same schedule as the Manufacturer updated price lists are submitted bi-annually)? We want to be able to offer the best possible solution to the UGUs taking advantage of this contract vehicle throughout the 5-year term.

STATE RESPONSE: The state will not consider new subcontractors throughout the term of the contract. All subcontractors must be identified at the time of offer. See clause, Subcontractor – Identification (Feb 2015).

- 35) If we're responding to Lot #9 with manufacturers not requested in Lots #1-8, is it acceptable to provide a unique hyperlink, specific to this solicitation response, to the Manufacturer(s)' price lists which we are responding with? Manufacturer price lists can be quite lengthy and would convolute our concise bid responses.

STATE RESPONSE: Yes, Offerors may respond to Lot 9 with a unique hyperlink to the Manufacturers' price list to avoid file size restriction issues with uploading the price list to the state's online bidding system.

- 36) Is there a limit to the number of awarded spots in Lot #9? For example, if there are multiple vendor responses for an additional networking manufacturer proposed, could that manufacturer have up to 12 spots for its manufacturer line? There are manufacturers not listed in Lots #1-8 who may make a substantial impact on the industry thus increasing K12 Clients and E-Rate awards. Additionally, if structured data cabling and UPS's are included in Lot #9, there would be many additional spots needed to include those.

STATE RESPONSE: Award(s) will be made up to twelve (12) offerors per lot, including Lot 9. See clause, Award to Multiple Offers (Modified).
