Narrative
See specifics of individual components in RFP documents. Important Information: Per page 10 of the attached RFP, the Pricing Schedule will be used to develop a standardized unit cost based on analysis of the sample schools provided in, Attachment A, Exhibit B, Attachment 1. The sum of the Equipment Price and the Labor cost for each component will become the Districts unit pricing for each listed line item. All quantities are estimates as

solutions proposed by service providers to meet the minimum specifications required may necessitate differing quantities. Please refer to the RFP for full specifications and requirements.

Note that the service type Basic Maintenance of Internal Connections (BMIC) and Managed Internal Broadband Services (MIBS) are only as applicable with the Internal Connections solution proposed in the RFP. The District is not soliciting separate bids for BMIC or MIBS. SPAM and/or robotic responses will not be considered valid Proposals and will be disqualified from consideration.
