

# PEPPM 2027 Product Line Bid List - Pennsylvania

E-rate Category 2 Eligibility  
(see last pages for  
categories)

Revised September 8, 2026

| #  | Product Line Name            | PEPPM Description                                                                                                                |     |
|----|------------------------------|----------------------------------------------------------------------------------------------------------------------------------|-----|
| 1  | 247Security                  | Fleet video and transportation security solutions                                                                                |     |
| 2  | Abnormal AI                  | Email and identity security solutions                                                                                            |     |
| 3  | Adlumin                      | Cloud-native security operations platform, network and cyber security monitoring                                                 |     |
| 4  | Allied Plastics Co.          | Educational and office furniture                                                                                                 |     |
| 5  | American Digital Education   | K-12 instructional, assessment, and attendance recovery platform                                                                 |     |
| 6  | Anchor Audio                 | Portable sound/microphone systems                                                                                                |     |
| 7  | Arista Networks              | Networking products                                                                                                              | Yes |
| 8  | Artome                       | Projector Cart with Speakers                                                                                                     |     |
| 9  | Atlas IED                    | Audio solution products                                                                                                          |     |
| 10 | AVerMedia                    | Classroom presentation solutions, including audio products                                                                       |     |
| 11 | Axonsoft                     | Video management system                                                                                                          |     |
| 12 | B-Tech AV Mounts             | TV & Videowall mounts                                                                                                            |     |
| 13 | Belden                       | Cabling products                                                                                                                 | Yes |
| 14 | Blackpoint Cyber             | Managed cybersecurity and threat detection solutions                                                                             |     |
| 15 | Bogen Communications         | Intercom, public address, and emergency communication systems                                                                    |     |
| 16 | Boxlight Corporation         | Presentation systems                                                                                                             |     |
| 17 | Brother                      | Printers, scanners, label makers, and related imaging products                                                                   |     |
| 18 | BusRight                     | Bus transportation routing, navigation and tracking solutions                                                                    |     |
| 19 | C&A Educate                  | Educational, STEM, and science classroom supplies                                                                                |     |
| 20 | Cables2Go                    | Cables and connectors                                                                                                            | Yes |
| 21 | CEIA USA                     | Security screening and metal detection systems                                                                                   |     |
| 22 | Cherry America               | Computer, tablet and video collaboration products and accessories                                                                |     |
| 23 | ClearOne                     | Audio and video products and accessories                                                                                         |     |
| 24 | Cloudflare                   | Delivery network services, DDoS mitigation, internet security, and distributed domain name server services                       |     |
| 25 | Corel                        | Office productivity and graphics software                                                                                        |     |
| 26 | Data Network Solutions (DNS) | Cloud communications, contact center, and IP fax solutions                                                                       |     |
| 27 | Datalocker                   | Secure storage and encryption solutions                                                                                          |     |
| 28 | Dell Technologies            | Hardware, software, accessories, and related services                                                                            |     |
| 29 | Druva                        | Cloud data protection and management                                                                                             |     |
| 30 | Edified                      | Cloud-based professional development learning portal                                                                             |     |
| 31 | EHP Solutions                | Interactive and commercial-grade displays, monitors, and mobile stands                                                           |     |
| 32 | Elastic                      | Search, observability, and cybersecurity solutions                                                                               |     |
| 33 | ELMO                         | Document cameras, interactive displays, and presentation solutions                                                               |     |
| 34 | Ergotron                     | Mounting and mobility products for monitors, laptops, tablets, flat panels and TVs                                               |     |
| 35 | ESET                         | Security software                                                                                                                |     |
| 36 | Ever Forest Furniture        | Office furniture and seating                                                                                                     |     |
| 37 | FF EAI-Robotics              | Educational robotics and AI learning platforms                                                                                   |     |
| 38 | Fidelis                      | Cybersecurity products and solutions                                                                                             |     |
| 39 | FLUX                         | Laser cutters, engravers, and related digital fabrication equipment                                                              |     |
| 40 | Focus Life Institute         | Career and life-readiness curriculum                                                                                             |     |
| 41 | Formax                       | Pressure seal, mailing, data destruction and digital print finishing products                                                    |     |
| 42 | Fujitsu - Computers          | Hardware, software, accessories, and related services                                                                            |     |
| 43 | Funtronic                    | Interactive projection tool                                                                                                      |     |
| 44 | Genetec                      | Video management, access control, automatic license plate recognition (ALPR) and related physical security hardware and software |     |
| 45 | Hapara                       | Classroom Management Software                                                                                                    |     |
| 46 | Hatch                        | Computer learning center solutions and other early childhood education products                                                  |     |
| 47 | HID Global                   | Secure identity solutions                                                                                                        |     |
| 48 | Hirsch Secure                | Physical security and access control systems                                                                                     |     |
| 49 | Hitachi Vantara              | Data storage and analytics                                                                                                       |     |
| 50 | Hyve Headsets                | Classroom headsets, headphones, and device cases                                                                                 |     |
| 51 | iBoss Web Filters            | Internet content security appliances                                                                                             |     |
| 52 | Imago                        | Interactive displays and collaboration solutions                                                                                 |     |
| 53 | Imperva                      | Application and data security solutions                                                                                          |     |
| 54 | IntelliSee                   | Artificial Intelligence video surveillance platform                                                                              |     |
| 55 | Intrado                      | Notification, collaboration, and life safety communication solutions                                                             |     |
| 56 | IPVideo Corporation          | Video management solutions and physical security information management                                                          |     |
| 57 | Ironwood Manufacturing       | Technology furniture                                                                                                             |     |
| 58 | JAR Systems                  | Charging solutions                                                                                                               |     |
| 59 | Jumpcloud                    | Identity, device, and access management solutions                                                                                |     |
| 60 | KameraTools                  | Professional video, broadcast, and AV equipment                                                                                  |     |
| 61 | KnowBe4                      | Integrated security awareness training and simulated phishing platform                                                           |     |
| 62 | Korg                         | Electronic musical instruments and recording equipment                                                                           |     |
| 63 | Lakeshore Learning Materials | Classroom furniture and instructional materials                                                                                  |     |
| 64 | LiteTouch                    | Interactive panel and displays solutions                                                                                         |     |
| 65 | LogRhythm                    | SIEM-event monitoring products                                                                                                   |     |
| 66 | Lowell Manufacturing Company | Equipment racks, AC power products, distributed audio                                                                            | Yes |
| 67 | Luxedo                       | Sports court projection mapping systems                                                                                          |     |
| 68 | McAfee                       | Network analysis, antivirus and security software                                                                                |     |
| 69 | MediaCast                    | Digital content management and video streaming solutions                                                                         |     |

# PEPPM 2027 Product Line Bid List - Pennsylvania

E-rate Category 2 Eligibility  
(see last pages for categories)

Revised September 8, 2026

| #   | Product Line Name               | PEPPM Description                                                                                                            |     |
|-----|---------------------------------|------------------------------------------------------------------------------------------------------------------------------|-----|
| 70  | Microsoft - Hardware            | Computers, tablets, and accessories                                                                                          |     |
| 71  | Microsoft - Software            | Operating systems and applications software                                                                                  |     |
| 72  | Minga                           | Student behavior and engagement platform                                                                                     |     |
| 73  | Mount-It                        | Mounting and mobility products for monitors, laptops, tablets, flat panels and TVs                                           |     |
| 74  | National Public Seating         | Educational, science, performing arts, office, cafeteria and presentation furniture                                          |     |
