Due to the way EPC has been created with the service category questions, please consider information drafted into quantities, fields, and units as an educated guess at a minimum for the issuance of this Form 470 and RFP. All quantities are estimates as solutions proposed by vendors to meet the minimum specifications required may necessitate differing quantities. Please refer to the RFP for details on equipment/services being requested and all requirements. NOTE that the service types "Basic Maintenance of Internal Connections" (BMIC) and "Managed Internal Broadband Services" (MIBS) are only as applicable with the Internal Connections solution proposed meeting the RFP requirements. The District is not soliciting separate bids for BMIC or MIBS.

To ensure that all Service Providers receive the same RFP information, it is required that you download the RFP directly from USACs EPC website, Procureware, or from the link in the posted Form 470. Please Follow this Form 470 to receive updates.

SPAM and/or robotic responses will not be considered valid bid responses and will be disqualified from consideration.
