Procurement Timeline

Task	Due Date
Deadline to Submit Questions	December 1, 2026 at 4:00 PM EST
Posting of Questions/Clarifications	December 2, 2026
Proposal Submission Deadline	December 31, 2026

Communications and Questions

All communication with the Applicant regarding this solicitation **must** be emailed and received by the "Deadline to Submit Questions" noted in the "Procurement Timeline." Questions should be directed to all "Form 470 Contacts" listed above, with the Form 470 Number included in the subject line. Failure to include all "Form 470 Contacts" could result in questions going unanswered. Verbal inquiries are not allowed. Clarifications, when applicable, will be posted as an attachment/addendum to the Form 470. Each Offeror is responsible for downloading the current version of the Form 470 and attachments, including any addenda. Applicant reserves the right to ask vendors clarifying questions during the proposal review process.

Contact initiated by an Offeror concerning this solicitation with any other Applicant representative other than those listed as Form 470 contacts is prohibited. Unauthorized contact may result in the offeror's disqualification from this solicitation.

Product demonstration meetings will not be granted during the competitive bidding period – requests for such will be ignored.

Site Visit

For this solicitation, a site visit is: ☐ Required ☐ Optional ☒ Not Offered

Proposal Instructions

Proposals **must** be submitted by the Proposal Submission Deadline in the Procurement Timeline.

Offerors are solely responsible for reviewing the solicitation and complying with all proposal submission requirements, including the designated submission method, deadline, and required documentation.

Applicant has no obligation to respond to requests for alternative submission instructions, provide

individualized guidance, or invite resubmission when the solicitation already establishes the required submission procedures.

Statements in a proposal indicating that the Offeror is willing to resubmit through another method, upon request, do not constitute compliance with the solicitation's submission requirements and do not obligate the Applicant to contact the Offeror or provide an opportunity to resubmit.

Proposals submitted through a method other than that specified in the solicitation will be deemed nonresponsive, consistent with the solicitation and applicable procurement requirements.

Proposals should be emailed to ALL Form 470 Contacts listed above and include the following:

- Applicant name
- Form 470 number
- SPIN (Service Provider Identification Number)
- Service provider's terms and conditions
- Completed Pricing Attachment

Proposals **must** include all costs associated with providing the requested products and/or services to the applicant.

Submission of the completed Pricing Attachment provided with this solicitation is optional but encouraged.

Offerors are instructed to submit the completed Pricing Attachment as a Microsoft Excel-compatible file (.xlsx). Offerors may use any spreadsheet application that can save in .xlsx format (e.g., Microsoft Excel, Google Sheets, LibreOffice Calc).

- To ensure all offers are evaluated on an equal basis, Offerors must not alter the Pricing Attachment's structure (rows, columns, line-item descriptions, order, headings, or formulas) and must enter pricing only in the designated cells.
- Offerors may also submit a PDF copy for reference. The .xlsx file will be used for evaluation and will control if there is a discrepancy.

Pricing for each proposed product or service should:

- be shown as unit pricing with separate line-item charges for each SKU,
- identify the percentage of each SKU that is eligible for E-Rate support as agreed upon by USAC and the manufacturer; and
- be categorized as Internal Connections (IC), Basic Maintenance of Internal Connections (BMIC), and/or Managed Internal Broadband Services (MIBS).

Proposals **must** be in response to the specific requirements of this solicitation. Offers including a generic listing of services beyond the scope of this solicitation and/or encyclopedic price lists will be disqualified.

SPAM and/or robotic responses will not be considered valid responses and will be disqualified from consideration.

Basic Maintenance On-Site Support

The applicant requests proposals for E-Rate eligible Basic Maintenance of Internal Connections (BMIC) of on-site support for applicant-owned hardware. The complete list of equipment requiring support is available in the Pricing Attachment.

Vendors should provide the estimated annual number of hours of support that would be required and their hourly rate to provide the following services for the equipment in the Pricing Attachment:

- Repair and upkeep of eligible hardware.
- Wire and cable maintenance.
- Configuration changes.
- Basic technical support including online and telephone-based technical support.

Location Information for On-site Services

Location Name	Street	City	State	Zip
Jefferson Elementary School	400 SE 6th St	Pryor	OK	74361
Lincoln Elementary School	1635 S Elliott St	Pryor	OK	74361
Pryor High School	1100 SE 9th St	Pryor	OK	74361
Pryor Middle School	7 S Hogan St	Pryor	OK	74361
Roosevelt Elementary School	401 N Elliott	Pryor	OK	74361

Delivery

All equipment and/or materials under this solicitation shall be delivered to the following location(s):

- Pryor Public Schools, 1551 South East 9th Street, Pryor, OK 74361

Contract Term and Modifications

The applicant prefers a multi-year agreement (term dates April 1, 2027 – September 30, 2029) for the Internal Connections. An initial award term of April 1, 2027 – September 30, 2028, with one optional renewal to align with an extended E-Rate service delivery deadline, if needed, is also acceptable.

For Basic Maintenance On-site Support, the applicant prefers a 12 month agreement with two (2) optional annual renewals. Services are requested to begin on July 1, 2027.

The quoted pricing must not assume the applicant will purchase the full quantities listed in the proposal.

The applicant reserves the right to place orders as needed and is not obligated to order all products or services.

Substitutions for alternative equipment must be agreed upon in writing by both parties before finalization of any changes/deviations from the original agreed-upon equipment list.

Subject to contract restrictions, services may be reevaluated for cost-effectiveness at any time during the life of the agreement including renewal periods.

E-Rate Specific Considerations/Information

Per USAC E-Rate rules, "cost of eligible services" will be the highest valued criterion in the evaluation process; however, other criteria with a lesser value may also be considered.

Offerors must hold a valid, active nine-digit SPIN (498 ID) issued by USAC as of the proposal submission deadline. The SPIN must belong to the legal entity that will contract with and invoice the Applicant. A pending registration, a SPIN assigned to an unrelated entity, or a commitment to obtain one after the deadline will not satisfy this requirement.

Managed Internal Broadband Services were included on the Form 470 out of an abundance of caution. No separate MIBS services should be proposed unless necessary to properly classify an element of the requested products or services under E-Rate rules.

Service providers proposing a temporary equipment loan for product demonstration and/or evaluation purposes are **required** to clearly state that such loans are of limited duration. Product demos extending beyond thirty (30) days must be explicitly authorized by both parties and provided at a fair market rate.

By submitting a proposal on the requested services herein, the vendor certifies its proposed services and/or products comply with Part 47 Section 54.9 and 54.10 of the FCC rules which prohibits the sale, provision, maintenance, modification, or other support of equipment or services provided or manufactured by Huawei, ZTE, or any other covered company posing a national security threat to the integrity of communications networks or the communications supply chain. See https://www.usac.org/about/reports-orders/supply-chain/ for more details.

Pursuant to 47 C.F.R. §§ 54.500(f) and 54.511(b), service providers may not charge applicants a price above the Lowest Corresponding Price (LCP) for supported services. LCP is the lowest price a service provider charges to nonresidential customers similarly situated to a particular school, library, or consortium for similar services. See https://www.usac.org/E-Rate/service-providers/step-2-responding-to-bids/lowest-corresponding-price/ for more details.

Additional Considerations/Information

The language in this solicitation has been standardized: "must," "shall," "mandatory," and "required" indicate mandatory specifications that the Applicant expects in the proposed solution. Proposals failing to meet these will be disqualified. "Should" and "may" indicate desirable specifications. A mandatory requirement may be waived if all respondents fail to meet a mandatory requirement.

Applicant reserves the right to request Best and Final Offers (BAFOs) from one or more Offerors. BAFOs must be received by the date and time specified during discussions or negotiations. If an Offeror does not submit a BAFO by the stated deadline, Applicant will evaluate that Offeror based on its originally submitted proposal. If BAFOs are requested, Applicant reserves the right to conduct a subsequent evaluation and scoring of proposals, including any revised pricing and other information submitted in response to the BAFO request, in accordance with the evaluation criteria set forth in this solicitation.

Applicant reserves the right to waive any irregularities or informalities in the proposals received.

Applicant reserves the right to award all, part, or none of the services set forth in this procurement. This procurement does not obligate Applicant until a valid agreement and/or valid Purchase Order is executed.

Offerors must accept that Applicant obligations are contingent on appropriation and availability of funds and may be reduced or terminated without penalty if funds are unavailable.

Applicant reserves the right, subject to applicable procurement requirements and E-Rate rules, to make non-material modifications to the awarded contract and to add or remove eligible locations, quantities, equipment, or services when such changes remain within the general scope of the original procurement.

Applicant may, at its sole discretion, extend the due date for the submission of proposals and any extensions shall be done via an addendum posted in the E-Rate Productivity Center (EPC.)

The vendor submission is subject to open records requests and, as such, the records will be released in accordance with those policies. Vendors are encouraged to mark pages as “Proprietary” or “Confidential” as appropriate, but the entire submission may not be marked as such. Identifying information as “Proprietary” or “Confidential” does not guarantee that the information will not be released but will be considered in determining whether the information is required to be released in accordance with the open records policies. Generally, pricing is not exempt from being publicly released.

By submitting a proposal, the Offeror certifies that no relationship exists between the Offeror and Applicant that would interfere with fair and open competition or create a conflict of interest.

Evaluation Criteria

The cost of E-Rate eligible services will carry the greatest weight in the evaluation. Other factors that may be considered include but are not limited to E-Rate ineligible costs, technical compliance/functionality of the offered solution, compatibility with existing network infrastructure, the Applicant’s prior experience with the vendor, and/or completeness of the vendor’s proposal response. The Applicant reserves the right to weigh these criteria as it deems appropriate, or not at all, and may consider additional factors not listed above.
