State and Local Procurement Restrictions

Public work and purchase contracts for public schools in New York State are governed by the provisions of Section 103, 104 and 105 of the State's General Municipal Law and individual school district purchasing policy. Public schools may also purchase equipment and services under publicly bid centralized procurement contracts administered by the New York State Office of General Services, New York State counties, applicable Federal GSA purchase contracts when legally allowed, and awarded bid contracts administered by the local boards of cooperative educational services (BOCES) where an eligible entity is a participant in that cooperative bid. Service providers must be in compliance with all E-rate rules, including Lowest Corresponding Price (LCP). Bid will be considered invalid if Purchasing policy is not met. All questions/responses must be submitted in writing. Always reference the Form 470 number when responding to this posting.
