Date Issued	September 16, 2026
Proposal Due Date	October 20, 2026, by 2:00 PM EST (unchanged)
Procurement Officer	Julie Hunter
Title	Coordinator of Procurement
District	School District of Pickens County
Contact	procurement@pickens.k12.sc.us · (864) 397-1035

This addendum answers questions received from prospective Offerors. It becomes a formal part of RFP 126-2-10-20. All terms and conditions not modified here remain unchanged. This addendum will be posted at <https://www.pickens.k12.sc.us/page/solicitation-and-awards>. It will also be uploaded to the associated FCC Form 470 in EPC. In accordance with the solicitation, questions are answered without identifying the Offeror who submitted them.

Questions and Answers

Question 1: Several license lines require a Cisco Smart Account for provisioning. Please provide the Smart Account domain and Virtual Account to associate with the order.

Answer 1: The equipment and licensing requested under RFP 126-2-10-20 are for the District's Cisco Meraki environment. Cisco has confirmed that Meraki licensing does not utilize a Cisco Smart Account, Smart Account domain, or Virtual Account. Meraki licensing is managed within the District's Meraki Dashboard organization. Necessary organization and provisioning information will be provided to the successful proposer following award and prior to license provisioning. Proposers should submit pricing based on the equipment, quantities, licensing terms, and requirements identified in the RFP.

Acknowledgment required. Offerors must acknowledge receipt of this addendum on Page Two of the solicitation (Acknowledgment of Amendments/Addenda) by entering the addendum number, date, and initials, or by signing and returning this addendum with the proposal.
