3. Please provide the web conference link details as well as the time.

9/28/2026 IDOA Response:

You can find answers to these questions on the Current Business Opportunities webpage, which includes links to both the general conference and the conference specific to this solicitation. There was a delay on updating the website.

The general conference will be held at 9:30 a.m. in Conference Room 2, followed by the conference for this solicitation at noon in Room D. Both virtual access links are available on the IDOA webpage. You may attend in person or join virtually. Keep in mind questions will not be answered through the virtual conference. To ensure fairness to all participants, questions will be addressed at a high level. (if they can be answered)
