ADDENDUM #1

RE: RFP C-28006 WAN FIBER SERVICES TO VARIOUS DISTRICT LOCATIONS

Bidders shall note the following changes to the above Request for Proposal. Bidders shall sign this addendum and attach it with their bid.

Responses to questions:

1. Is there a specific address preferred for the site Z connection from Midway Heights Elementary?
 - a. We do not have a specific preferred address for the Site Z connection from Midway Heights Elementary. Currently service is being provided with a splice between Russell Boulevard Elementary School and Paxton Keeley Elementary School.
2. Just to confirm, the due date for the responses is 11/16/2026? The 470 states a possible contract date of 10/31.
 - a. RFP Bid Due Date and Time: 2:00 P.M., Monday, November 16, 2026
3. Your September 30 request for internet access opens for signing on October 28.

About one in eight requests like this one in Missouri draw a single bid or none at all. Less competition sounds fine until someone asks you to show the price was fair.

Is the request still open? Happy to point one more company at it before you go to signing, one that's already done this work for schools in Missouri.

- a. RFP Bid Due Date and Time: 2:00 P.M., Monday, November 16, 2026
