Notes:	Meet with Jason Eaton. Vendors **must** attend one of the dates posted above.

Questions and Answers

Question: If Ranch Heights ES Annex is a physical separate location, would the district please provide lat/long coordinates of separate physical structure.
Answer: The school buildings are on the same site and are now physically connected. We're working to update the site information.

Question: Page 6 of the RFP request circuit connections to 10 locations. Would the district like to have separate building entrances for Ranch Heights Elementary and Ranch Heights ES Annex or can both circuits utilize the same building entrance or conduit?
Answer: The school buildings are on the same site and are now physically connected. We're working to update the site information. Currently the fiber optic enters at a single point to the main IDF closet.

Question: To ensure we meet or exceed the specified requirements, we request the opportunity to schedule a site survey with the District's Technology team to confirm in-building construction scope and hardware requirements. Please let me know if this can be accommodated at your earliest convenience.
Answer: We will be offering site visits s*ee* Site Visit Dates at the top of this addendum.
