ADDENDUM #1
REVISED

RE: E-Rate Year 30, District Wide ISP WAN Ring Connections, Contract C-267-238:

Dear Bidders:

The following changes, additions, deletions, modifications or corrections, identified here, shall become a part of the bid Documents for the above referenced Bid. All other Terms and Conditions of the original documents shall remain in effect. The Bidder shall be responsible for transmitting this information to all affected subcontractors and suppliers prior to closing of bids. Acknowledge receipt of this Addendum in spaces provided on the Bid Form. Failure to acknowledge will subject Bidder to disqualification.

1. Are you willing to accept multiple 100G circuits to meet your 400G option?

   Yes, the district prefers one handoff but can accommodate 4 x 100 Gbps handoffs. The upgrade path is a 400 Gbps handoff in the future.

WAN Question

2. For the 25Gb and 50Gb options, can the district support 100G handoffs at every school today; also, do you have enough 100Gb ports at the district office to support each school? If not, do you plan to have these capabilities within the next 5 years?

   The District can support only 25 Gbps and 50 Gbps handoff connections.

ISP Questions

3. For the connection to Chaffey, can the district support a 400G handoff today? If not, do you plan to have this capability within the next 5 years?

   Yes, the District can support 100 Gbps and 400 Gbps handoff today.

4. For the SBCSS protected circuit, if we are unable to provide a cost-effective solution, would the district be open to alternative solutions?

   Please provide pricing for your best Protected circuit from the District office, 950 W D Street, Ontario, CA 91762, to Location SBCSS RCH. The provider may choose the circuit's pathway. RCH address, 601 North E Street, San Bernardino, CA 92415-0020.

5. This isn't a question, but for clarity we modified the names for the first two circuits. **I also wanted to point out there are no non-recurring options for the SBSOS circuit.**

School Name	Address	ISP 10 Gbps	ISP 25 Gbps	Internet Access 100 Gbps-	Internet Access 100 Gbps Non-	Internet Access 400 Gbps - Monthly	Internet Access Additional 100 Gbps circuits	WAN Gbps Mont
OMSD District Main Office (Chaffey HS)	950 West D Street, CA 91762							
OMSD District (Admin Circuit to SBSOS)	950 West D Street, CA 91762							
Arroyo Elementary	1700 E. 7th Street, Ontario, CA 91764							
Berlyn Elementary	1320 N. Berlyn Avenue, CA 91764							
Bon View Elementary	2121 S. Bon View Avenue, CA 91761							

The District prefers the construction cost be amortized during the length of the contract in the monthly recurring cost. Chaffey High School address, 1245 North Euclid Avenue, Ontario, CA 91762.

Sincerely,

Angie Redelsperger
Director of Purchasing and Print Production
