

**GENESEE DISTRICT LIBRARY
Flint, Michigan
INVITATION TO BID
October 5, 2026**

The Genesee District Library (GDL) is soliciting bids from qualified providers for a service area wide network transport solution and for Internet access. The Headquarters building serves as the head end and meet point for the distribution of services between the Headquarters and the branch locations.

Vendors are required to respond to all the branch locations at the addresses provided below. Each of the participating branch locations may have similar or varying requirements for bandwidth transport and vendors will be required to provide the monthly recurring transport charges, along with any one time construction costs and installation charges per erate guidelines.

Instructions to Bidders

1. Bidders may bid for wide area network only, internet access only or both wide area network and internet.
2. Sealed bid responses are to be received no later than 1 PM on November 16, 2026.
3. Bids should be sent to:
Genesee District Library
Att: Tony Rodriguez
4195 W. Pasadena Ave
Flint, MI 48504
4. Sealed Bids must be labeled: Genesee District Library WAN and Internet access.
5. Vendor must submit two copies of the bid response with pricing on the attached cost analysis sheets.
6. The Bidder must include their valid erate SPIN in their response.
7. The Bidder must also demonstrate that they are listed with the State of Michigan as a Competitive Local Exchange Carrier.
8. All bids should reflect a contract term of 36 months.
9. Questions may be directed at Tony Rodriguez (trodriguez@thegdl.org) by November 6.

GDL Bandwidth Requirements

The Genesee District Library (GDL) currently has the following bandwidth allocated to each of the 19 branches. As shown below, only the Headquarters branch requires Internet service at a minimum line speed of 1000Mbps and a transport connection with a minimum bandwidth of 1000Mbps. The remaining branches will require varying levels of bandwidth, which are described below.

Additionally, GDL is interested in receiving bids for higher levels of both Internet and transport bandwidth as indicated on the Form 470.
