ADDENDUM #1

DATE:	11/20/2026
APPLICANT:	Sabine Independent School District
BEN:	140682
FORM 470 #:	270001754
FOR:	Sabine ServiceSpec C1 DIA
CLOSING DATE/TIME:	12/18/2026 10:00 AM CST

CLARIFICATIONS

The following are responses to questions received via e-mail during the scheduled inquiry period.

Q1. Do you have an available conduit that we can use to run fiber into the building, or will we need to install a new conduit from the exterior of the building to the MDF? If a new conduit is required, could you please provide the approximate distance from the exterior entry point to the MDF?

A1. There is no conduit coming into the MDF from the outside. From the exterior of the building (where the current fiber comes in) to the MDF is approximately 300 ft. Once in the building, no conduit is required.

All other specifications, terms, and conditions remain unchanged.
