Narrative

The scope of this project is to select data transport services for any and all K-20 schools, libraries, state and local governments, research, and other not-for-profit entities in Maine. The list of potential recipients of service may expand beyond the original members at our discretion.

E-Rate can only be used for eligible services at eligible locations.

Respondents are asked to provide two differing types of service: 1) Carrier Ethernet service to connect schools, libraries, and other entities to each other and to one or more Networkmaine Points of Presence, and 2) Dark Fiber service to connect schools, libraries, and other entities to a Networkmaine Point of Presence.

For lit fiber, the minimum bandwidth proposed for any individual school or library should be 1 Gbps. For sites with greater than 1 Gbps requested, the handoff will be 10 Gbps Ethernet.

For dark fiber, the minimum capacity is 1 strand and the maximum capacity is 2 strands.

Respondents should propose costs for circuits on a monthly basis inclusive of all associated state, federal, and/or Respondent imposed taxes surcharges, and fees. Respondents should show separately any applicable one-time non-recurring charges. Respondents must only include costs to Networkmaine. Any incremental costs associated with excess fiber such as additional installation or labor costs may not be included in bid responses.

I certify that I will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the form for, receipt of, and delivery of services receiving schools and libraries discounts. I acknowledge that I may be audited pursuant to participation in the schools and libraries program.

I certify that I have reviewed all applicable FCC, state, and local procurement/competitive bidding requirements and that I have complied with them. I acknowledge that persons willfully making false statements on this form may be punished by fine or forfeiture, under the Communications Act, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001.

Additionally, I certify that the entity or entities listed on this form have not received anything of value or a promise of anything of value, other than services and equipment sought by means of this form, from the service provider, or any representative or agent thereof or any consultant in connection with this request for services.

I acknowledge that support under this support mechanism is conditional upon the school(s) and/or library(ies) I represent securing access, separately or through this program, to all of the resources, including computers, training, software, internal connections, maintenance, and electrical capacity necessary to use the services purchased effectively. I recognize that some of the aforementioned resources are not eligible for support. I certify that I have considered what financial resources should be available to cover these costs. I certify that I am authorized to procure eligible services for the eligible entity(ies). I certify that I am authorized to submit this

NOTICE:

In accordance with Section 54.503 of the Federal Communications Commission's ("Commission") rules, certain schools and libraries ordering services that are eligible for and seeking universal service discounts must file this Description of Services Requested and Certification Form (FCC Form 470) with the Universal Service Administrator. 47 C.F.R. § 54.503. The collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended. 47 U.S.C. § 254. In addition, information provided in or submitted with this form, or in response to subsequent inquiries, may also be subject to disclosure consistent with the Communications Act of 1934, FCC regulations, the Freedom of Information Act, 5 U.S.C. § 552, or other applicable law.

If you owe a past due debt to the federal government, the information you provide in this form may also be disclosed to the Department of the Treasury Financial Management Service, other Federal agencies and/or your employer to offset your salary, IRS tax refund or other payments to collect that debt. The FCC may also provide the information to these agencies through the matching of computer records when authorized.

If you do not provide the information we request on the form, the FCC or Universal Service Administrator may return your form without action or deny a related request for universal service discounts.
