FCC Form 470: 270002473 Vendor Questions

Reference: FCC Form 470 270002473, Service Requirements and Appendix A. Context: Some service providers do not offer prices for 2Gbps and 3Gbps bandwidths, but they do offer 1Gbps and 5Gbps bandwidths. Question: Is a bid considered valid if the bidder's response does not include prices for all of the bandwidth requirements (1Gbps, 2Gbps, 3Gbps, and 5Gbps)?

Answer: The bid will be considered valid even if all the bandwidths are not included. The bid will be scored on what is available.
