1. Scope

Hays Consolidated Independent School District (HCISD) requests proposals for a minimum of 10 Gbps download x 10 Gbps upload fully managed Dedicated Internet Access with Transport service to the locations specified in the Pricing Attachment. Service providers are requested to submit offers for incremental bandwidths from 10 Gbps to 50 Gbps.

Offerors must provide a minimum of 29 usable static IP addresses at each service location and price them in Attachment D, column L

As optional services, Offerors are also requested to provide costs for Advanced firewall, DDoS mitigation and any other managed or security services beyond basic firewall functionality, these are not E-Rate eligible. Offerors must price them separately in Attachment D, column O.

Hays CISD Offices and Campuses are closed November 23, 2026 to November 27, 2026 and December 21, 2026 to January 4, 2027.

1.1 Submissions

Submissions meeting any of the three (3) numbered criteria **WILL** be disqualified.

1. Solution does **NOT** offer at least the minimum bandwidth.
2. Solution does **NOT** offer bandwidth dedicated to the applicant but instead, the bandwidth is dependent on the number of other customers on the network or some other factor that does not, generally, guarantee the minimum bandwidth as a committed information rate (CIR).
3. Solution includes caps on data usage or slows speeds based on data usage or other factors.

All solutions must terminate service or infrastructure at the demarcation point within the building, generally, the MDF. Solutions that only bring service to the property line but not to the demarcation point will be disqualified. The agreement must terminate service at an MDF designated by the Applicant. The Offeror should specify the exact demarcation setup included in the base fees, such as wall-mounted CPE and CAT6a handoff, rack mount patch panel, etc.

Offerors are responsible for performing all site delivery, construction, permitting, pathway, and right-of-way work. Any special construction charges the Offeror proposes to bill to the District must be itemized separately as non-recurring charges on Attachment D.

1.1. HCISD will only accept responses through the district online bid portal until **11:00 a.m., January 6, 2027.** Proposals received after the opening date and time will not be accepted and will be returned unopened to vendor. All proposal responses must be SUCCESSFULLY submitted through the districts online proposal/bidding system at http://hayscisd.bonfirehub.com before the due date and time regardless of your organization's ability to submit bids online.

1.2. It is the supplier's sole responsibility to ensure that the bid/proposal documents successfully arrive before the due date and time.

The district's online bidding application utilizes the Internet and the World Wide Web, which is comprised of systems that are completely out of the District's control. It is highly recommended that the suppliers allow themselves enough time to complete a successful submission. Please make sure to upload all required documents and forms to the "Attachments" tab. Please note that you can confirm what items are missing or need responses by running an error check on your response before submitting. This will show you any missing attachments or Attributes not acknowledged. You can run as many error checks as you need to correct your response.

2. Contract

HCISD may, at its sole discretion, extend the due date for the submission of proposals when it is in its best interest to do so. Such extensions shall be done via RFP addendum and posted in the USAC E-Rate Productivity Center (EPC) (https://portal.usac.org) along with all other RFP Addenda. It is the responsibility of every Offeror to ensure they have downloaded the latest version of the Form 470 and RFP attachments, including any addenda. HCISD reserves the right to ask clarifying questions of vendors upon review of proposals.

2.1 Contract Terms

HCISD reserves the right to not sign a vendors agreement and therefore the vendor shall be responsible for signing any agreements provided by HCISD.

Initial Contract

Initial contract period shall be for five years from July 1, 2027, through June 30, 2032, with the option to renew from July 1 through June 30 for each subsequent agreement period. OPTION TO RENEW

HCISD may, at its option and with the approval of the contractor, extend the period of this agreement to four (4) additional one-year periods. This extension would contain all terms and conditions and rates of the original contract, contingent upon availability of funds. The Contractor shall be notified in writing by the Buyer of HCISD's intention to extend the contract period at least thirty (30) days prior to expiration of the original contract period. Pricing and E-Rate discounts will be requested annually, and E-Rate eligibility will be recertified each funding year, regardless of the contract term or renewal options.
