Invictus Academy Category 2 E-rate Needs

Invictus Academy of Richmond is seeking bids for network hardware licenses for its El Cerrito campus. Invictus intends to continue to support its students' growth and network delivery requirements with these licenses.

Category 2 Equipment Needs:
The following table summarizes the equipment that Invictus will require for the upgrade:

	Estimated New Equipment Needs
Licenses	3-year Meraki Licenses Enterprise MR or equivalent - Quantity: 32 3-year Meraki Licenses Enterprise MS or equivalent - Quantity: 6 3 year Meraki License Enterprise MS or equivalent - Quantity: 1 3-year Meraki Licenses Enterprise MX or equivalent - Quantity: 1

Specific requirements for each of the equipment categories above are included here:

- **Licenses:** We are requesting compatible 3 year Meraki hardware licenses or equivalent for our existing equipment. This includes licenses for our APs, Switches, and a Firewall.

Format of proposals: The selected E-rate networking equipment provider will procure and provide the requested licenses for us to claim under our organization.

We're requesting that prospective vendors provide sufficient detailed pricing breakdowns for each element of the proposal so they can be compared separately.

List of Equipment to be Covered
- 1x Meraki MX95
- 1x MS425-16
- 6x MS225-24P
- 32x MR46
