Bid Evaluation:

Although the cost of the product/service is of primary concern, the ability to accommodate growth and change and the total cost of operation (TCO) within the district are, in many ways, more important. **Do not assume the lowest bid will be awarded the project.**

To achieve this goal, bids will be evaluated on several factors.

- Prices/charges
- Prior experience
- Understanding of needs
- Personnel qualifications
- Completeness of response and adherence to bid specifications
- Capability of the bidder to successfully complete the installation/service within the required timeframe
