Splendora Independent School District

BEN 141265

Form 470 #270002754

QUESTIONS AND ANSWERS

Posted 11/20/2026

Please see below for the answers to the questions that were received within the timeline specified on the Form 470. These answers provide clarification to the information provided on the original Form 470 and do not change the scope of work. All other specifications, terms and conditions remain unchanged.

Question 1: For the 15 Gbps and 20 Gbps service options, will the District accept two 10Gb Ethernet handoffs configured in a Link Aggregation Group (LAG)?

Answer 1: Yes, this would be acceptable

Question 2: For the 25 Gbps service option, please confirm whether the District requires a 25Gb Ethernet handoff or a 40Gb Ethernet handoff.

Answer 2: A faster handoff is acceptable as long as it's provided at no additional cost compared to a 25 Gbps handoff.
