Warrensburg School District R6

IFCB Posted : Oct 27, 2026

Bid Deadline : Saturday, Dec 12, 2026

Questions Due By : Saturday, Nov 7, 2026

Applicant Address : Warrensburg, MO 64093

IFCB ID : 270002773

IFCB Requirements :

- Before the listed deadlines, all Questions and Bids must be submitted using the on-line IFCB system. Bids submitted before the bid deadline outside of this system will be disqualified. If the system is down before the deadline, please email your bid to info@crwconsulting.com or fax it to 918.445.0049. Bids or questions submitted in this fashion will be disqualified if the on-line system is active at the time of submission. The applicant reserves the right to request and obtain bids outside of the website system if the bid deadline has passed and zero or one bid is received (the intent for this is to follow USAC guidance on obtaining cost-effective bids).

- For all requested services and/or products listed on this IFCB: proposals that include generic/encyclopedic price lists will be considered non-responsive and will be disqualified. SPAM and/or robotic responses will not be considered valid bid responses and will be disqualified from consideration.

- Bidder must agree to participate in USF Program (AKA “E-rate”) for the corresponding funding year.

- Please include the correct Service Provider Identification Number (SPIN) on your bid.

- By submitting a bid, bidder certifies that the bidder does have a valid (non-red light status) SPIN for the E-rate program at the time of submission. Should the Applicant discover that the bidder is on red light status, or if the FCC classifies the bidder as on red-light status before work is performed and invoices are paid, the contract will be null and void and the applicant will have no payment obligations to the bidder.

- Bidder is expected to provide the lowest corresponding price per E-rate rules. See https://www.usac.org/e-rate/service-providers/step-2-responding-to-bids/lowest-corresponding-price/ for details.

- Contracts must not prohibit SPIN changes.

- Bidder must agree to provide the Applicant the choice of discount methods (SPI or BEAR).

- Bidder will be automatically disqualified if the District determines that the bidding company has offered any employee of the District any individual gift of more than $20 or gifts totaling more than $50 within a 12 month period.

- All contracts awarded will be contingent upon E-rate funding and final board approval. The applicant may choose to do all or part of the project upon funding notification.

- All applicable fees, surcharges, and taxes must be identified on the bid. E-rate rules require the applicants to evaluate the price of eligible goods and services that will be listed on the 471 application during the competitive bidding process. Fees and surcharges that apply but are not listed on the bid will be the responsibility of the bidding company, should their bid be awarded.

- If there is a request to purchase or lease new equipment, either Category Two or Category One, listed on this IFCB the applicant will accept bids for functionally equivalent equipment.

- E-rate rules require applicants to evaluate the cost of eligible goods and services, and to cost-allocate out the amount for ineligible services from their funding request. If your company will be bidding internet access service, please identify the amount to be cost-allocated out for the ineligible services – email service, web hosting, content filtering, or other bundled ineligible services.

- INTERNET ACCESS DISQUALIFICATION FACTOR: Bids submitted for services to an incorrect address will be disqualified.

- INTERNET ACCESS DISQUALIFICATION FACTOR: Your bid must identify the bandwidth you are proposing and associated price or your bid will be disqualified.

- INTERNET ACCESS DISQUALIFICATION FACTOR: Bids that do not include Dedicated Internet Access (guaranteed bandwidth, synchronous speeds) will be disqualified.

- INTERNET ACCESS DISQUALIFICATION FACTOR: Any and all installation charges must be identified on your bid. If you submit a bid indicating that installation charges may apply without listing those charges, we will consider your bid incomplete and disqualify your bid.

- LEASED LIT FIBER DISQUALIFICATION FACTOR: Bids submitted for services to an incorrect address will be disqualified.

- LEASED LIT FIBER DISQUALIFICATION FACTOR: Any and all installation charges must be identified on your bid. If you submit a bid indicating that installation charges may apply without listing those charges, we will consider your bid incomplete and disqualify your bid.

- LEASED LIT FIBER DISQUALIFICATION FACTOR: Vendors must bid all connections. If vendors submit a bid missing any connection, we will consider your bid incomplete and disqualify your bid.

- DISQUALIFICATION FACTOR INTERNAL CONNECTIONS: The applicant will not accept bids from manufacturers of equipment deemed a national security threat by the Federal Communications Commission. The list of prohibited equipment is available here: https://www.fcc.gov/supplychain/coveredlist . Vendors that submit bids that includes these manufacturers will have their bid disqualified.

- DISQUALIFICATION FACTOR INTERNAL CONNECTIONS: Vendors must complete and include the C2 Cover Page with their bid. Bids received without the cover page will be disqualified.

- DISQUALIFICATION FACTOR INTERNAL CONNECTIONS: Service providers are required to bid the entire hardware project. Bids for individual components, or bids that do not include all of the requested items for the project will be disqualified.

- DISQUALIFICATION FACTOR INTERNAL CONNECTIONS: It will be the bidder’s responsibility to provide documentation about the compatibility requirements listed in this IFCB. Vendors that submit bids without documentation demonstrating the required compatibility listed in this IFCB will have their bids disqualified, unless that vendor has bid the preferred make/model number listed.

- DISQUALIFICATION FACTOR INTERNAL CONNECTIONS: Applicant will not accept bids for refurbished equipment. Any bids containing refurbished equipment will be disqualified.

- DISQUALIFICATION FACTOR BMIC: Service providers are required to bid the entire maintenance project. Bids for individual components of the project will be disqualified.

- DISQUALIFICATION FACTOR BMIC: Vendors must complete and include the C2 Cover Page with their bid. Bids received without the cover page will be disqualified.

- DISQUALIFICATION FACTOR BMIC: Maintenance bids listing only an hourly rate and not a monthly or annual total will be disqualified. Vendors quoting an hourly rate are required to also a) confirm that you have the ability/expertise to maintain all of the equipment listed and b) propose a number of hours at a particular rate monthly to properly maintain the entire list of equipment. Bids that contain only hourly rates, without confirmation that the company can service the list of equipment, or without a monthly total will be disqualified.

Services and Equipment Requested :

Category One:

Internet Access – The district currently has 5 GB bandwidth and would like to increase to 10 GB. Terminating address for this circuit is located at Warrensburg Middle School - 640 E Gay St, Warrensburg, MO 64093. Bids should include a leased router and be based on 3 year and 5 year pricing.

Questions Received with Applicant Answers (Ask Questions?)

1. Will any of the new switches be stacked? If so, should vendors include stack kits (C9300L-STAK-KIT2-M) and stacking cables, and in what quantities? 2. Will existing 10G optics and patch cords be reused for the new access switch uplinks, with the 10 SFP-10G-SR-S transceivers and 5 OM3 cables being the only optics/cabling to include? 3. Which switches should receive the 6 PWR-C1-1100WAC redundant power supplies? 4. The BMIC table lists each switch "w/ 5 yr licensing." Since Meraki licenses include manufacturer support, will the 5-year Meraki licenses satisfy the BMIC requirement for the Meraki-managed switches, or should vendors quote a separate manufacturer support contract? For the C9300X-12Y-E, what support term and level are required? 5. Please confirm what installation should include, for example: rack mounting of switches and UPS units, configuration and migration from the existing Meraki MS switches, removal and disposal of existing equipment, and whether work must be performed after school hours.

Answer:

1. Yes we will need stacking kits. We have the following and will be used on this project. We have a total need of forty-seven stacking kits. We will need to determine cable length when we review each MDF / IDF..
Mfg. Part#: STACK-T4-50CM-M QTY 8
Mfg. Part#: C9300L-STAK-KIT2-M QTY 10
Mfg. Part#: STACK-T3A-1M-M QTY 2

2. Yes. We only need to add the 10 SFP's and 5 cables.

3. We will install the power supplies. This will be dependent on deployment of additional POE devices (AP's, Intercoms, etc.).

4. The Meraki licenses will satisfy the BMIC requirement. All switches will have a five year license.

5. We will only need assistance in the configuration and migration. All physical work will be done by the district. Configuration will include changes to the existing Fortinet firewall and Cisco 9500 core switch. In most cases work will need to be done after hours.

I hope this email finds you well. We are currently preparing our response to your E-Rate FCC Form 470 (Application Number: 270002773) for Wide Area Network (WAN) services. To ensure our proposal is as comprehensive, accurate, and tailored to your district's specific infrastructure needs as possible, we would like to schedule a pre-bid site visit to conduct a survey of the school facilities. Could you please let us know if there is a convenient day and time next week (the week of 10/26) for our technical team to perform a site walkthrough? We are happy to accommodate your schedule and any district security protocols or visitor guidelines you have in place. Specifically, we would appreciate it if you could confirm: The preferred date, time, and primary meeting location/entrance for our visit. Any security or check-in requirements (e.g., photo ID, badge registration) for external vendors. The contact details for the staff member or engineer who will be conducting or hosting the walkthrough. Thank you for your time and assistance. We look forward to visiting the district and developing a robust solution for your network. Sincerely, Neil Bryan Director of Education Networks
