Proposal Submission Guidelines

General Bidding Information

All bids submitted for eligible products and services will be carefully considered, with price being the heaviest weighted factor, and the bid selected will be for the most cost-effective service offering consistent with 47 C.F.R. § 54.511(a). In determining which service offering is the most cost-effective, the school may consider relevant factors other than the pre-discount prices submitted by providers, but price should be the heaviest weighted factor considered.

All vendors responding to this FCC Form 470 must comply with the Federal Communications Commission (FCC) competitive bidding requirements. Bids are due on The Allowable Contract Date by 5:00pm MST. Late submissions may be disqualified. To keep the processes moving forward, it is important to follow the directions laid out in this proposal. To ensure a fair, complete, and compliant bidding process, vendors are solely responsible for monitoring and obtaining all communications, questions and answers, notices, clarifications, revisions, and updates related to the FCC Form 470 and any associated RFP or bid documents. The applicant is not responsible for ensuring that vendors receive or review such information. Vendors are responsible for ensuring that their

proposal reflects all applicable information, requirements, and revisions issued during the competitive bidding process.

Questions and answers from any communication with vendors will be posted as an addendum attachment on the original form 470 on the USAC website as clarification for all bidders. Additionally, all vendors must complete the attached E-Rate Service Provider Bid Response Form.

Bids must reference the FCC Form 470 number and bidding vendor's Service Provider Identification Number (SPIN).

If you are not able to provide the services for which you are bidding to all listed locations, please indicate which locations are being bid on your proposal. Preference will be given to vendors who can service all listed locations in this RFP and who can also sustain the billing or invoicing gap as cited above.
