Chillicothe City School District is seeking pricing for the following. All hardware, installation, license renewals, and any additional costs must be listed separately.

UPS:

Please provide a quote for **18** UPS units equivalent to or better than the APC Smart-UPS X 2000VA, meeting these minimum requirements:

- **Capacity:** At least 1,920 VA and 1,800 watts.
- **Voltage:** 120V nominal input and output.
- **Power protection:** Line-interactive with automatic voltage regulation and pure sine wave output, or online double-conversion.
- **Form factor:** Rack/tower convertible, requiring no more than 4U of rack space.
- **Outlets:** Six NEMA 5-15R, three NEMA 5-20R, and one NEMA L5-20R, or an equivalent configuration compatible with our equipment.
- **Input connection:** NEMA 5-20P for compatibility with our existing 120V, 20-amp receptacle.
- **Battery expansion:** Support for external battery packs.
- **Installation:** Include rack-mount rails and required mounting hardware.

Please provide the model number, dimensions, warranty, and estimated battery runtime at 900W and 1,800W. Identify any differences from these requirements and list the cost of a network management card separately.

APs and Licensing:

Please provide a quote for **98 new Cisco Meraki MR46 wireless access points or equivalent with professional installation**, along with renewal of our existing Meraki wireless.

Please itemize the following:

- **Hardware:** 98 new **MR46** access points or equivalent with required mounting hardware. If unavailable, quote a current equivalent or better and identify the proposed model.
- **Installation:** Remove existing access points, install replacements, configure them in our existing Meraki Dashboard, and test wireless connectivity and operation.
- **Configuration:** Preserve existing SSIDs, VLAN assignments, authentication, and security settings.
- **License renewal:** Renew **681 Meraki MR Enterprise licenses** under our existing **co-termination licensing model**. Our current expiration date is **July 24, 2027**. Please provide separate pricing for 1-, 3-, and 5-year renewal terms and state the resulting expiration date for each option.
- **Compatibility:** Identify any additional PoE, switching, cabling, or mounting requirements.
- **Warranty and support:** Include warranty coverage, estimated hardware lead time, and installation timeline.

Bidding Requirements:

- Previous experience preferred
- All hardware quoted must be compatible with existing infrastructure. If the equipment is different from what is requested, documentation must be provided with the proposal demonstrating that the proposed equipment is equivalent, or the proposal will not be considered.
- **SPAM and/or robotic responses will not be considered valid bid responses and will be disqualified from consideration.**
- The deadline for vendor proposals is 9:00 am Eastern, 29 days from the date this Form 470 is posted. We reserve the right to reject late-submitted proposals.
- All questions and quotes are to be emailed to Lorrie Germann at lorrie.germann@erate-edplus.com
