State and Local Procurement Restrictions

Please include your SPIN (FCC Form 498 ID) in your bid. The applicant reserves the right to reject late bids.

Bid evaluations include points for vendors with a local presence or office within 150 miles of the applicant.

For contract services, the successful bidder(s) must be willing to sign and date a contract on or after the Allowable Contract Date of this Form 470 and before the applicant submits the FCC Form 471, for service to begin July 1, 2027 for Category 1 services. Contracts should be signed as soon as possible after the winning bid is chosen. Contracts must include an E-rate contingency clause if requested by the applicant. All requests are contingent on funding by the Schools and Libraries Program of the Universal Service Administrative Company (USAC) unless otherwise agreed by the applicant. The applicant will consider multi-year contracts and contracts with voluntary extensions. Proposals must separately itemize the cost of E-rate eligible and ineligible products and services.

Bidders acknowledge that their equipment and services comply with the FCCs rules (47 CFR 54.9 and 54.10; FCC 19-121 and FCC 20-99) prohibiting the use of Universal Service Fund support for equipment or services produced or provided by Huawei, ZTE or any other company on the FCCs Covered List.

Any pricing proposed must comply with the FCC Lowest Corresponding Price rule (47 CFR 54.511(b)), as required by the Universal Service First Report and Order and restated in the E-rate Modernization Report and Order adopted July 11, 2014. The rule prohibits an E-rate service provider from offering or charging E-rate applicants a price higher than the lowest price it charges to similarly situated non-residential customers that purchase directly from the provider.
