We are seeking wireless access points, cabling, and licensing to replace and increase our wireless internet infrastructure.

We need 193 wireless access points for our elementary schools and central office.

The access points are existing but may need to be relocated in the rooms.

We need Aruba or equivalent access points.

Installation and mounting hardware needs to be included for ceiling or wall mounts.

Physical walk through of the buildings will be awarded additional points in the evaluation.

Completing all the work by one company (not subcontracting) will be awarded additional points in the evaluation.

Vendor must agree to SLD (SPI) invoicing.

Responses must be received via email only to erate@usd428.net.

Responses must include detailed Item 21 level pricing and descriptions.

SPAM and/or robotic responses will not be considered valid bid responses and will be disqualified from consideration.

Failure to comply with any of the items above may be grounds for disqualification.

Contact: Ryan M. Axman, Director of IT

1809 24th Street

Great Bend, KS 67530

Instructions:

Prospective providers desiring consideration under this RFP should schedule and complete the walk through and submit written proposal as PDF attachment.

All proposals must be received at the above named contact by 4:00 PM CST on the allowable contract date of this RFP. Final selection of the service provider is the responsibility of USD 428. Furthermore, USD 428 may, at its discretion and without explanation to the prospective vendors, at any time choose to discontinue this RFP without obligation to prospective vendors.

The awarding of any and all contracts resulting from this RFP is contingent upon E-rate funding from the Schools and Library Division (SLD) of the Universal Service Administrative Company (USAC) and/or, USD 428 Board of Education approval.
