BUNDLED INTERNET CONNECTIONS

DATE: November 16, 2026

Q&A

Item 1 – Questions

The following clarifying question on the Owners RFP were received and answered. This question does not change the Original Scope of work of the requested project. Please refer to RFP for services requested. Please see Q&A below.

Q1: Our records show existing multiple Frontier services at 480 N San Jacinto Ave, San Jacinto, CA 92583. Based on mapping data, 410 N San Jacinto Ave appears to be close to the same physical location at 480. Can you confirm whether 410 and 480 N San Jacinto Ave are the same site or part of the same complex? We can update our records if needed.

A: The addresses 410 N San Jacinto Ave and 480 N San Jacinto Ave, San Jacinto, CA 92583, are two separate service locations. Although they are in close proximity, they are distinct sites and will each require their own services. Please ensure that both locations are accounted for separately when preparing your proposal.
