Bidder's List of Subcontractors

Bidder acknowledges they have fully investigated each subcontractor listed and have in their files evidence that each subcontractor has engaged successfully in the indicated line of work for a reasonable period of time. Bidder also affirms the subcontractor:

- Is a fully equipped organization capable, technically and financially, of performing the work required;
- Holds the proper professional licenses required by law; and
- Currently has or can obtain the proper insurance coverages and limits.

The District reserves final approval of any subcontractors listed. Following the award of the contract, the District reserves the right to approve or refuse future subcontractors and existing or future subcontractors providing work under this contract. Any change in subcontractors following contract award must be approved by the District. Any cost savings realized by a change in subcontractors, if approved by the District, will be passed on to the District in the form of a deductive Change Order.
