Addendum No 1

Internet Access and Data Transmission Services

RFP No.: HSD_IA27
FCC Form 470 No.: 270004232
E-Rate Funding Year: 2027
Date issued: November 21, 2026

Correction to Section 14 Price Scoring

This addendum corrects two references on page 8 of the RFP to conform the price-scoring instructions to the published evaluation matrix. The matrix allocates 35 points to the price of E-Rate-eligible products and services and remains unchanged.

Under “Price scoring,” replace the sentence beginning “Price points = 40” and the following sentence with:

> **Price points = 35 × (lowest eligible evaluated cost ÷ bidder’s eligible evaluated cost).**
>
> If the lowest eligible evaluated cost is zero, each zero-cost proposal receives 35 points and each positive-cost proposal receives zero price points.

Proposal Deadline and Acknowledgment

Proposals remain due on **December 21, 2026, at 4:00 p.m. PST**. Bidders must acknowledge receipt of Addendum No. 1 in their proposals as required by Section 12 of the RFP.

All other RFP terms and requirements remain unchanged.
