2. Adhere to the FCC E-Rate rules.

BE ADVISED: No email address or phone number associated with this RFP or Form 470 should be added to any marketing distribution or phone list. The Applicant respectfully requests that any contact be specific to this request. Any other contact is discouraged.
Proposals must be prepared with specificity with regard to the services listed herein. Bids merely listing a general menu of services available from a vendor, bids appearing to be automatically generated without specificity in relation to the requirements of this RFP, and bids missing substantial information but inviting the applicant to contact the bidder to refine the bid and/or discuss specifics will not be considered valid bid responses and will be disqualified from consideration. This includes any SPAM and/or robotic responses. For more information, please review the USAC E-Rate News Brief of February 15, 2024.
All proposals must reflect the LCP (Lowest Corresponding Price), GSA pricing, and any available governmental unit discounts including existing state purchasing agreements or contracts when applicable. Any proposal referencing an existing state purchasing

Bid prices must be complete for the services proposed and shall include all associated costs, even if the amounts are estimates based upon current applicable taxes, surcharges, or fees. No proposal can be submitted that includes equipment or components for equipment from companies deemed to provide a national security risk as defined by FCC Order 19-121.

The contract shall be subject to the laws of the state in which services are provided, and any provision to the contrary is void. The Applicant will not accept terms requiring it to indemnify the Service Provider against the Service Provider's own negligence or misconduct.
Bidders are advised that this procurement will be contingent upon the successful obtaining of E-Rate funding, and the contract agreement between the Applicant and the selected vendor must recognize that contingency.

Such exceptions, terms, and conditions must be set forth with specificity and may not be incorporated by reference. A general or blanket exception to the RFP as a whole does not satisfy this requirement.
-The Service Provider agrees that the final contract shall incorporate and not override any terms or conditions set forth in this RFP, minus any agreed-upon exceptions, and that the RFP will be incorporated into the final contract.
-The Service Provider agrees to follow and abide by the rules of the E-Rate program as promulgated by USAC and the FCC and certifies that it has not been suspended, debarred, or placed on Red Light Status within the prior three years.
