20 Gbps Dedicated Internet Access Service | E-Rate Category One | Funding Year 2027

Legal Business Name: _____	Service Provider Identification Number (SPIN): _____
Bidder Contact Name: _____	Contact Email / Telephone: _____

Instructions

Complete every applicable field. Enter $0.00 when no charge applies. All prices must be stated before E-Rate discounts and must exclude taxes unless separately identified. The 20 Gbps service must be fully installed, tested, and operational on or before July 1, 2027. Identify eligible and ineligible amounts separately and identify all assumptions, contingencies, and allocation methods.

A. Required 20 Gbps Service Pricing

Service / Term	Monthly Eligible MRC	Monthly Ineligible MRC	One Time Eligible NRC	One Time Ineligible NRC	Eligible Special Construction	Ineligible Special Construction	Notes / Assumptions
20 Gbps Service Initial Term: July 1, 2027 - June 30, 2030 (Months 1-36)	$	$	$	$	$	$	Identify installation, activation, equipment, site conditions, or other assumptions.
20 Gbps Service Renewal Year 4: July 1, 2030 - June 30, 2031	$	$	N/A	N/A	N/A	N/A	State any approved renewal-price assumptions.
20 Gbps Service Renewal Year 5: July 1, 2031 - June 30, 2032	$	$	N/A	N/A	N/A	N/A	State any approved renewal-price assumptions.

Bidder Calculation

Total evaluated eligible price for the required 20 Gbps service from July 1, 2027, through June 30, 2032 = (36 x initial-term monthly eligible MRC) + (12 x Renewal Year 4 monthly eligible MRC) + (12 x Renewal Year 5 monthly eligible MRC) + all one-time eligible NRC + all eligible special-construction charges.

Total evaluated eligible price for 20 Gbps service from July 1, 2027, through June 30, 2032 ($): _____

B. 50 Gbps Future Upgrade Option Not Included in Evaluation

Future Upgrade Item	Monthly Eligible MRC	Monthly Ineligible MRC	One Time Eligible NRC	One Time Ineligible NRC	Eligible Special Construction	Ineligible Special Construction	Notes / Assumptions
50 Gbps Upgrade Monthly recurring charge after upgrade	$	$	N/A	N/A	N/A	N/A	Identify available increment(s), lead time, and District-side requirements.
50 Gbps Upgrade One-time charges	N/A	N/A	$	$	$	$	Identify installation, activation, equipment, construction, and assumptions.

The 50 Gbps upgrade is a potential future option and is not included in the evaluated price unless the FCC Form 470 or a written addendum expressly states otherwise.

Pricing Instructions

Special-construction charges must be shown only once and must identify all assumptions, site conditions, and cost components. For recurring charges, state the monthly eligible and ineligible amounts. For non-recurring and special-construction charges, state the applicable one-time eligible and ineligible amounts. If any amount is partly eligible and partly ineligible, provide a separate itemization and explain the allocation methodology in the Notes / Assumptions column or in an attached schedule. Identify each tax, fee, surcharge, credit, or other charge not included above and state whether it is included in the quoted rates.

Certification

By submitting a quote, the bidder certifies that the information provided is true and complete; the bidder will remain eligible to participate in the E-Rate program; and the bidder will comply with the terms of this solicitation, applicable E-Rate rules, and all representations in its quote.
