Seeking Bids on ONLY THE FOLLOWING ITEMS:

Category II

Network Switches

New Lexington Schools is requesting proposals for network switch(s) with configuration services for 1 location. In this one location there is one closet that will house the switch(s). We are looking for Aruba Chassis Switches or equivalent, that are capable of POE++ and must support 10 Gbps fiber connectivity between the primary MDF and additional network closets within the building. All quotes must include switch configuration service. Bidders are advised that this project will be contingent upon the successful approval of E- Rate funding, and the contract agreement between the District and the selected vendor must recognize that contingency.

Please see table below for number of switch(s), connections, and ports needed.

Building:	Location:	Minimum number of Fiber Uplinks	Minimum Number of 10/100/1000 Ports
Workforce Development Building 101 3rd Ave. New Lexington, Ohio 43764	MDF	2 - LC mini-GBIC capable of 10 Gbps	192

*All quotes must include switch configuration service.

• Deadline for proposals is 29 days from the date this Form 470 is posted. We reserve the right to reject late-submitted proposals.

Submit bids via email on ONLY the above-mentioned items to:
