ATtached is the info for the Fiber Installations;

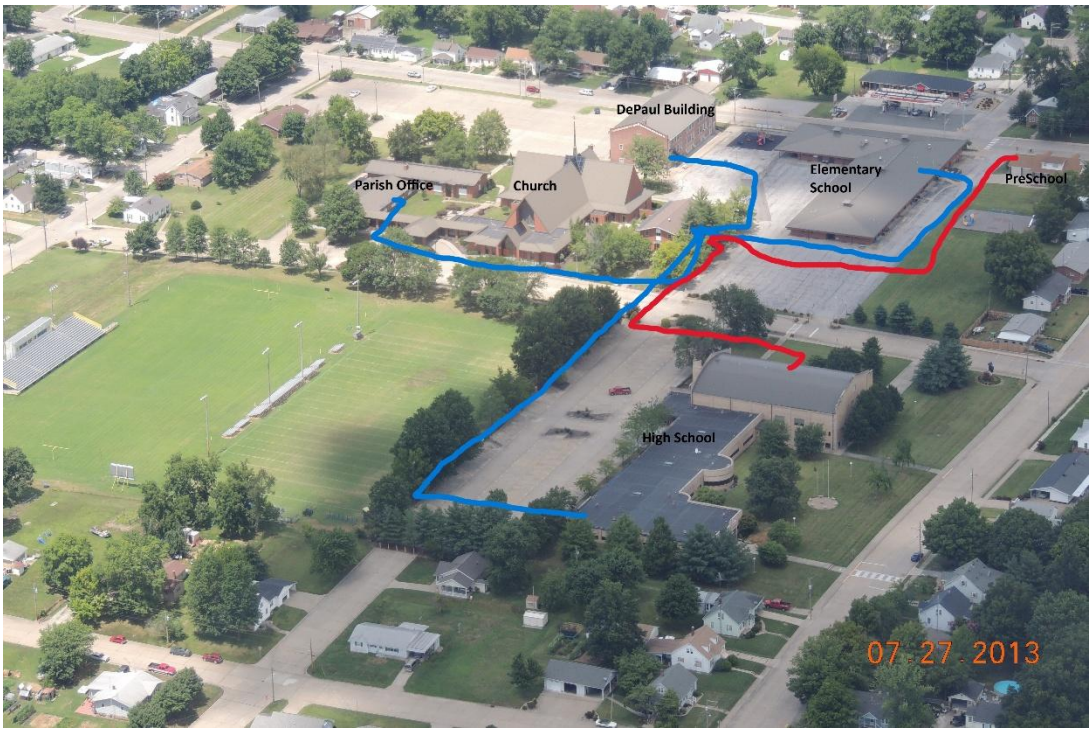

Refer to attached Campus Map for details:

All Fiber runs originate in the Rectory.

1. Replace fiber run from the Rectory to the High School
2. Replace fiber run from the Rectory to the Elementary School
3. Replace fiber run from the Rectory to the Parish Office
4. Replace fiber run from the Rectory to the Elementary School
5. Replace fiber run from the Rectory to the DePaul Building.
6. Add a new fiber run from the Rectory to the Pre-School.
7. Add a new fiber run from the Rectory to the High School to make 2 total runs to the High School.

Blue lines on the Map are replacing old fiber lines.

Red lies on the Map are for new fiber runs.
