State and Local Procurement Restrictions

BE ADVISED: No email address or phone number associated with this RFP or Form 470 should be added to any marketing distribution or phone list. The Applicant respectfully requests that any contact be specific to this request. Any other contact is discouraged.

Proposals must be prepared with specificity with regard to the services listed herein. Bids merely listing a general menu of services available from a vendor, bids appearing to be automatically generated without specificity in relation to the requirements of this RFP, and bids missing substantial information but inviting the applicant to contact the bidder to refine the bid and/or discuss specifics will not be considered valid bid responses and will be disqualified from consideration. This includes any SPAM and/or robotic responses. For more information, please review the USAC E-Rate News Brief of February 15, 2024.
All proposals must reflect the LCP (Lowest Corresponding Price), GSA pricing, and any available governmental unit discounts including existing state purchasing agreements or contracts when applicable. Any proposal referencing an existing state purchasing agreement or contract must include that information in the proposal. Bid prices must be complete for the services proposed and shall include all associated costs, even if the amounts are estimates based upon current applicable taxes, surcharges, or fees. Proposals MUST separate eligible and ineligible services by line item for all services to which service provider responds. No proposal can be submitted that includes equipment or components for equipment from companies deemed to provide a national security risk as defined by FCC Order 19-121.
All bidders are encouraged to:
1. Read and follow the RFPs carefully.
2. Adhere to the FCC E-Rate rules.

Failure to meet any requirement in this 470 or RFP will be sufficient cause to disqualify your proposal.
