PALMER PUBLIC SCHOOL

Request for Proposal (RFP)

RFP: CAT 6 Ethernet	Proposal Due By: [4:00 pm CST Dec. 21, 2026]

Project Overview:
PALMER PUBLIC SCHOOL is currently accepting proposals to extend the school's internal connections by adding CAT 6 Ethernet cabling to specific locations on campus. See campus map for MDF / IDFs and CAT 6 locations. An onsite survey is required.

Technical Criteria:
The selected bidder will be responsible for providing and installing CAT 6 ethernet cables to the locations listed on the campus map. All cabling must be visually and/or aesthetically pleasing. Cabling shall be tested and certified to meet ANSI/TIA-568 standards. School District shall be responsible for providing proper CAT 6 patch cables to connect each patch panel to network switches. When available, patch panel shall be installed in existing school owned network rack.

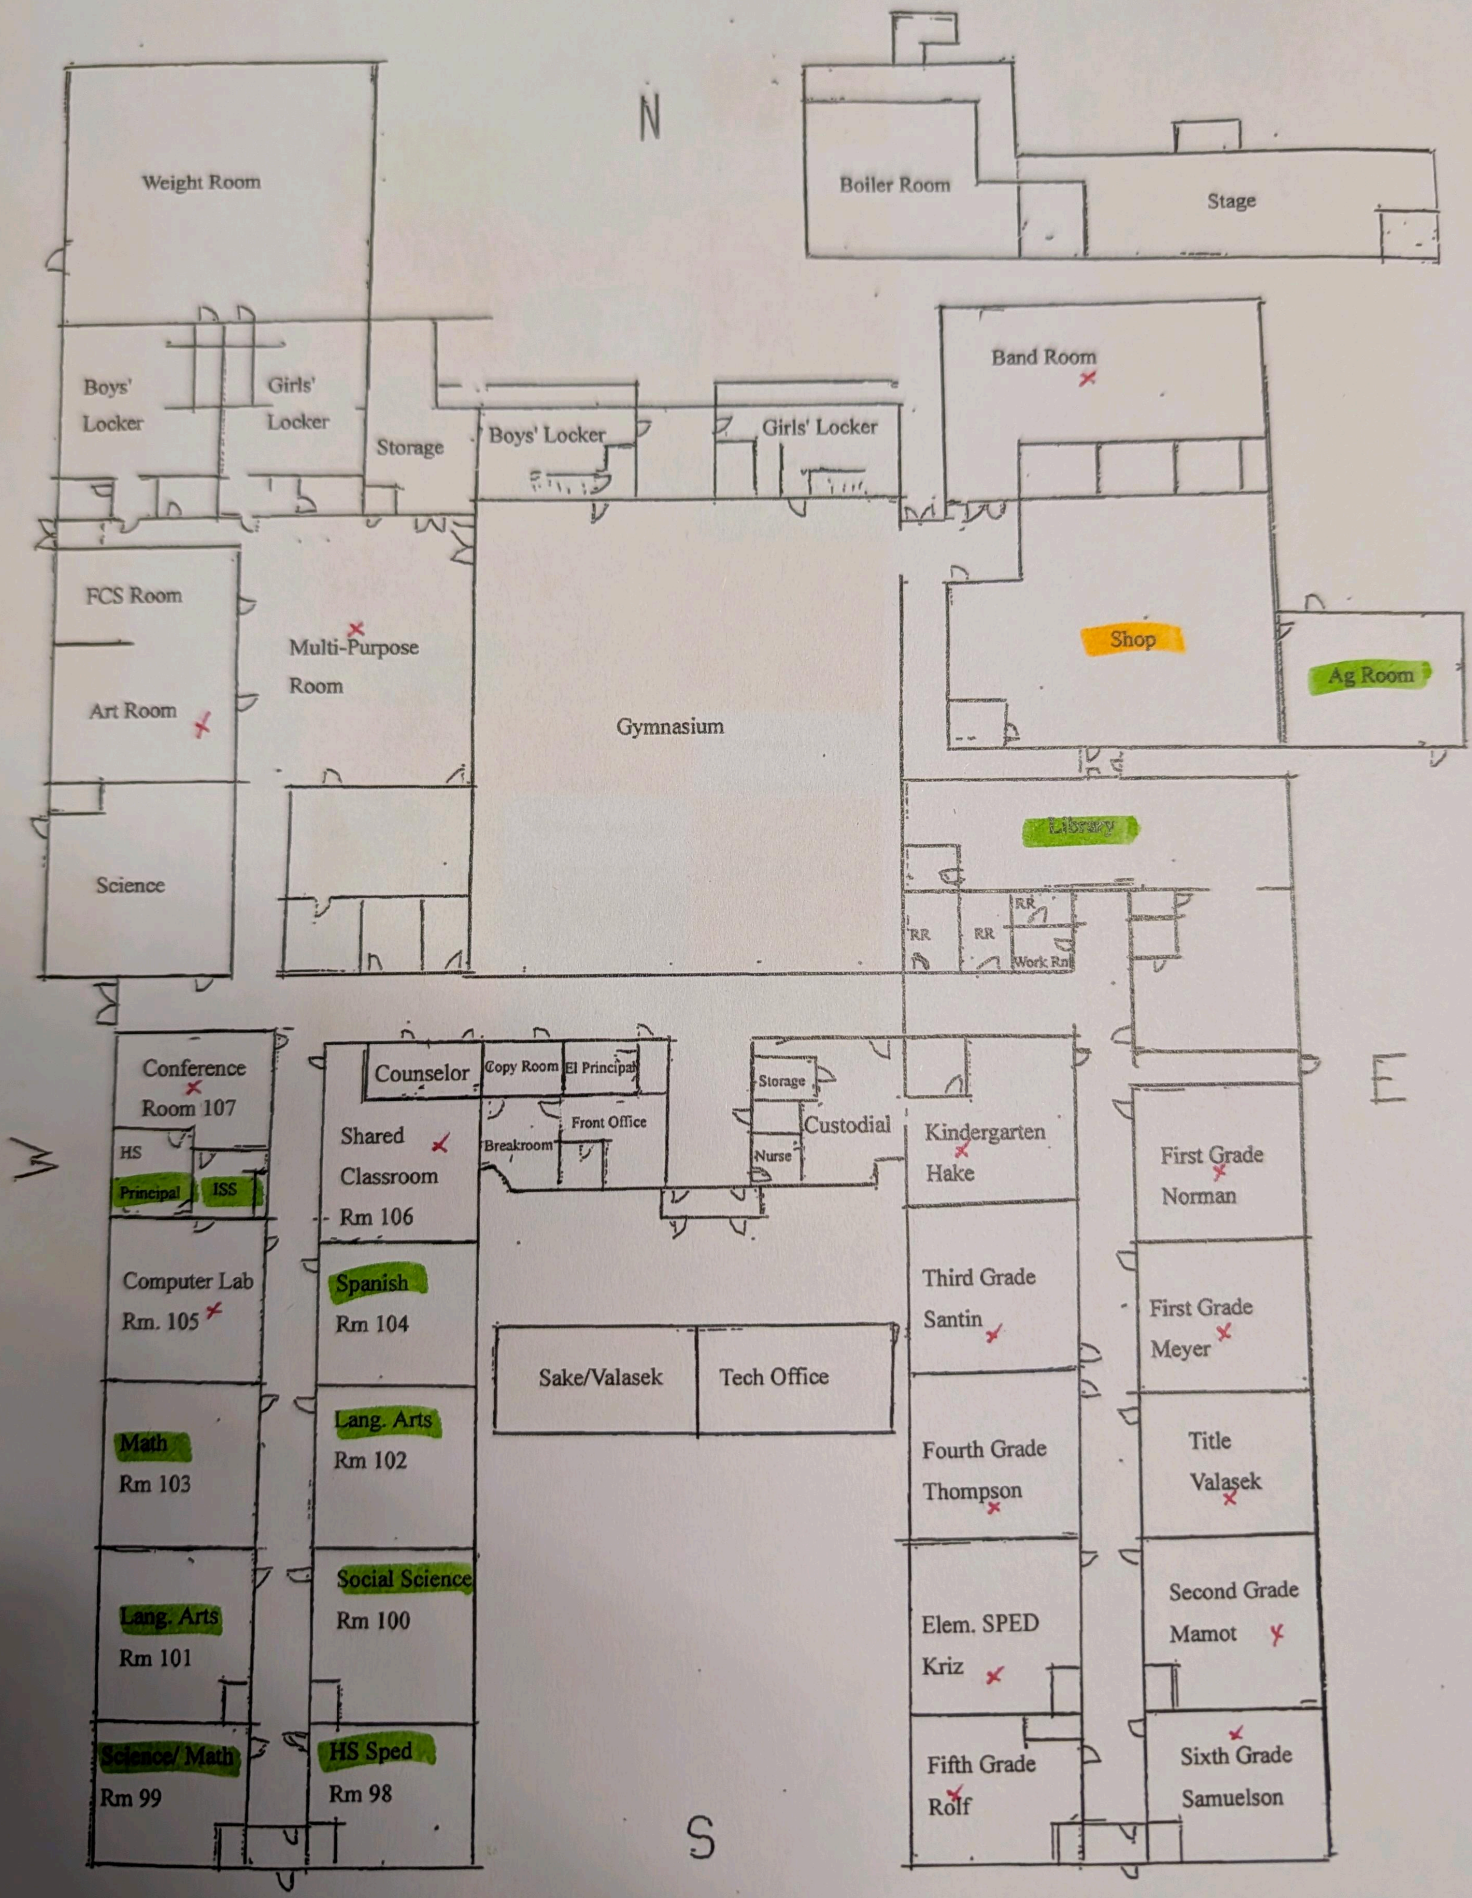

Locations:
(See Map Below)

Costs:
All costs included in proposal must be all-inclusive to include any outsourced or contracted work. Costs must be itemized to include an explanation of all fees associated with the final cost.

Evaluation Metrics and Selection Criteria

- 50% - Lowest cost
- 20% - Technical criteria
- 20% - Relevant Experience and Past Performance
- 10% - Local Support and On-Site Response Capability
