Narrative

Quantity is unknown as this Form 470 is a part of a procurement process for State Master Contracts for Information Technology Hardware and Software to be available for all Alabama K-12 Public School and Schools districts as described within the document ITB_ALJP2016. An indication of a quantity of 0 in this case represents an unknown count or quantity. Mini-Quotes(Bids) will be performed by the individual school districts where required through ALJP website resources. Multiple vendors can respond to the ITB and their proposed product line(s) may include eligible Internal Connection and Managed Internal Broadband Services. The ITB is seeking specific product lines and/or the equivalent. Many of these product lines are listed in the prefilled Form 470 Dropdown list therefore the selection of No Preference is indicative of the requests.

The use of 1466 entities is the estimated number of public schools located with the 136 school districts served by the Alabama State Department of Education. The resulting contract(s) will have a length not to exceed 36 months (or to the extent that the state law allows). Additional schools (new schools) may be built by our school districts and new school districts may be added in the upcoming years. These eligible new school facilities will also be eligible to purchase eligible E-Rate equipment/services from resulting contract(s).

Bidders must hold a valid ISO9001 certificate and obtain a Qualified Bidder Identification Number from the ALJP website. Bidders must follow the instructions as described within the ITB ALJP2016 document to respond. There are no charges for participation in the procurement process or contract management. The link to the ALJP website is https://connect.alsde.edu/sites/erate/aljp/ (or http://aljp.alsde.edu). Click on the Procurement Source link in the left sidebar menu or the relative displayed links on that page.

There are two related spreadsheets that are a part of the response requirements. They are included with this Form 470. There is an online form to be completed as well. These requirement are explained within the ITB_ALJP2016 document. Please read the entire ITB document and follow the instruction in submitting questions regarding the ITB.
