Narrative
This RFP seeks proposals for leased lit fiber services with lighting/routing/switching equipment necessary for high speed broadband WAN connections throughout the state of Utah. This RFP is published on www.bidsync.com by the University of Utah Purchasing Department. Refer to bid number W147369. UEN may make multiple awards or none at all. UEN may choose broadband speeds in any increments necessary within the minimum/maximum stated speeds as deemed appropriate by UEN.

Please note that at time of posting this RFP/470, UEN is unable to properly associate all consortium members within USAC's UEN E-rate Productivity Center (EPC) portal. This in no way limits UEN's authority to procure and apply for E-rate eligible services for all documented consortium members, regardless of their availability in EPC for membership designation in the UEN consortium. This EPC limitation exists for this and all previous procurement activities within the EPC portal for funding year 2016.
